Needs Assessment

How will the LEA identify needs to address: 1. Student attendance and well-being, 2. Academic recovery and acceleration, 3. Professional learning and development, 4. School safety and operations, and 5. Data infrastructure (check all that apply)

- Student demographic data, such as race or ethnicity, FRPL eligibility, or English learner status
- Student outcome data, such as assessments, readiness exams, literacy screeners, etc.
- Student individualized education plans/ 504
- Student enrollment and attendance data
- Student chronic absenteeism/ truancy data
- Student instructional mode (virtual, hybrid, in-person)
- Student course enrollment data
- Educator effectiveness data
- Educator certification data
- Public health data

- By clicking this checkbox I confirm the data indicated above will inform the school systems plan for addressing:
 1. Student attendance and well-being,
 2. Academic recovery and acceleration,
 3. Professional learning and development,
 4. School safety and operations, and
 5. Data infrastructure.

How will the LEA allocate funds to students most impacted by the COVID-19 pandemic? (Please describe the formula or decision-making rubric to allocate funds across schools.)

Teachers, Interventionists, Instructional Specialists and Coordinators strategically placed in our school to to reduce class size enhance and accelerate learning. This will provide targeted instruction to all of our students disproportionately impacted by the pandemic. Provide additional time for Instruction.

1. High School students to learn: Credit recovery after school and during the summer
2. LEAP 2025 remediation during the summer
3. Summer Enrichments Courses with staff implementing and providing extended learning. It will give students the opportunity to student concepts with greater depth and complexity while also helping students to pursue their own areas of interests and strengths. Focus areas in Science, Math, ELA and Literacy.
- 4 Staff will provide the highest quality teaching and learning environment
5. Measurable Outcome: increased use of Tier 1 materials
6. Progress Monitoring: classroom observations and walkthroughs; review of annotated lesson plans and classroom support plans
7. District Leadership Support

Which evidence-based activities will the LEA invest in? (check all that apply)

- High-dosage tutoring (ELA and Math) (If tutoring takes place during summer school or before or after school programs, please use those categories.)
 - Partner with [high-quality vendors](#) to provide tutoring during the school day
 - Tutoring provided by LEA educators who have been trained in providing high-quality tutoring during the school day
- [Literacy interventions and extensions](#)

How will the LEA implement the Louisiana Math Refresh across their sites?

MPA will ensure all students have access to high-quality, grade-level mathematics instruction each day. We will offer high-dosage tutoring in Math that will take place after school and summer. We will utilize high-quality effective Instructional staff and Tier 1 Instructional materials for daily math core instruction. Our math acceleration plan will be to monitor progress and adjust on student performance, Diagnose student's knowledge and unfinished learning of the content. MPA will offer a rigorous grade level math curriculum with planning and support for all students to maintain an engaging classroom environment. We will offer our student's small group support, with visual concepts and a plan for our student's identifying one's own learning style and needs, monitoring mistakes and evaluating successful assignments.

Did your school system receive a Stronger Connections grant award?

No

Which evidence-based activities will the LEA invest in? (check all that apply)

- Develop a crisis management plan jointly with law enforcement, fire, public safety and emergency preparedness officials
- Conduct safety drills annually at each site
- Hire resource officers or other law enforcement officers
- Provide school safety in-service training for staff
- Utilize school and community mental health professionals in the event of a shooting or other emergency event
- Utilize training providers for students to address suicide prevention, violence prevention and social inclusion
- Use single-point of entry/locked entry points at each site
- Utilize surveillance cameras/monitoring systems
- Utilize metal detectors or other physical security equipment
- Other:

Connectivity Two Design for continued security safety measures. Securly Filter Premium, Securly Aware Core, Securly Classroom Premium.

INVESTING ESSER FUNDS

2023-2024 Academic Recovery Acceleration Plan

343 - Community School for Apprenticeship Learning, Inc.

Printed On: 10/6/2023 1:54 PM

Will the LEA make significant changes in school safety operations (not including activities specific to “reopening”) during the 2023-2024 school year? (creating single-point entry campuses, hiring new officers, installing additional surveillance, installing metal detectors, etc.)

Yes

If yes, please provide a brief description of the new activity/initiative

Install Door hardware barricade systems throughout our school at all entry points and measures will be taken to regulate access at the campus level (extending the security perimeter) while ensuring each classroom operates with locked doors. Staff monitoring of arrival and dismissal times. Install panic buttons throughout the campus. Install perimeter fencing to deter trespass and limit access to non-primary entrances. We have implemented a buzz-in entry system to the front office.

Data Infrastructure

Key Investment: Data Infrastructure

Funding Source and Amount

ESSER II Formula

\$65,000

Which activities will the LEA invest in to improve data systems, ensure internet safety, and implement effective cybersecurity practices? (check all that apply)

- Implement an early warning system to track student progression
- Upgrade cybersecurity via firewalls
- Increase data storage capacity
- Purchase/upgrade statistical programs or analytics software
- Other:

Connectivity Two Design will provide management of infrastructure necessary to prevent data loss commonly caused by viruses, hackers, hard-drive crashes, power failures, accidental deletions, and other user errors.

Describe how the LEA is upgrading and/or ensuring proper cybersecurity and system upgrades are being implemented/planned.

Madison Prep Academy will use Connectivity Two Designs Technology for continued security safety measures. A 24/7 record of what goes on within school buildings is a must-have layer of security that will assist with bullying, student/teacher relations and vandalism. 1.SECURLY FILTER PREMIUM - Filter, a cloud-based web filter designed specifically for schools, helps keep students safe with powerful features that make schools safer. It gives visibility into online activity, download or email reports, and block inappropriate sites instantly. Filter monitors for signs of bullying, self-harm, gun terms, and violence across social media and web searches. 2.SECURLY AWARE CORE - Securly Aware is a student safety and wellness solution that provides unprecedented visibility into your students' mental health and wellness. 3. SECURLY CLASSROOM PREMIUM - Securly Classroom is a cloud-based classroom management tool that gives teachers freedom to guide, monitor, and communicate with students during class-removing distractions and keeping the focus on learning.
