Needs Assessment

How will the LEA identify needs to address: 1. Student attendance and well-being, 2. Academic recovery and acceleration, 3. Professional learning and development, 4. School safety and operations, and 5. Data infrastructure (check all that apply)

- Student demographic data, such as race or ethnicity, FRPL eligibility, or English learner status
- Student outcome data, such as assessments, readiness exams, literacy screeners, etc.
- Student individualized education plans/ 504
- Student enrollment and attendance data
- Student chronic absenteeism/ truancy data
- Student instructional mode (virtual, hybrid, in-person)
- Student course enrollment data
- Educator effectiveness data
- Public health data
- Conversations with community (stakeholder input)

- By clicking this checkbox I confirm the data indicated above will inform the school systems plan for addressing:
 1. Student attendance and well-being,
 2. Academic recovery and acceleration,
 3. Professional learning and development,
 4. School safety and operations, and
 5. Data infrastructure.

Recovery and Acceleration

Key Investment: Targeted Learning

Funding Source and Amount

ESSER III Formula

\$233,197

How will the LEA allocate funds to students most impacted by the COVID-19 pandemic? (Please describe the formula or decision-making rubric to allocate funds across schools.)

The LEA consists of only one school. Data obtained from Spring 2023 LEAP assessments identified 73 percent of ELA students and 88 percent of Math students who scored below mastery or above on the statewide assessment (LEAP 2025). The data will be used to provide identified students access to programming to include small group tutoring both during the school year and during summer programming. ANET diagnostic and benchmark assessments will be administered throughout the school year to determine the most appropriate support for students. Additional CSR personnel will be hired to provide high dose tutoring and intervention to students to address learning loss and acceleration. Student demographic information and assessment data will be used to identify students most in need of support and those students, along with students who were not engaged during last school year, will have priority placement within small groups. Students will be grouped to provide maximum targeted support. Student group placement will be prioritized so that these students will be placed in classes taught by the most highly effective teachers available.

Which evidence-based activities will the LEA invest in? (check all that apply)

- High-dosage tutoring (ELA and Math) (If tutoring takes place during summer school or before or after school programs, please use those categories.)
 - Partner with [high-quality vendors](#) to provide tutoring during the school day
 - Tutoring provided by LEA educators who have been trained in providing high-quality tutoring during the school day
- [Literacy interventions and extensions](#)
- [Reading screener](#) three times a year (K-3)
- [High-quality quality curriculum](#)
 - [ELA Guidebooks](#)
 - [Bayou Bridges \(Social Studies\)](#)
 - [OpenSciEd Pilot](#)
- High-quality assessments aligned with instructional materials
- [Professional learning](#) to teachers aligned with high-quality materials

Will the LEA serve students in grades three through eight in the 2023-2024 academic year?

- No

Type of Academic Support (select all that apply)

- Accelerated instruction (beginning no later than 30 days after student(s) are identified)
- Prioritized placement (in a class taught by a teacher rated "highly effective" pursuant to the state's teacher evaluation system)
