

# Bayou Bridges Resource Hub

## Purpose

While the Bayou Bridges curriculum has many useful instructional resources, they are housed in several different online locations. This makes it difficult for teachers to easily access all the tools available and plan lessons that maximize opportunities for students. In response to teacher requests, the Bayou Bridges Resource Hub was created to provide a “one-stop shop” where all resources and tools for each unit and grade level are easily accessible in a single place.

## Use

Access all online resources for each unit and grade level by clicking on the [Bayou Bridges Resources Hub](#). Choose the grade level tab at the bottom of the sheet to access links organized by Bayou Bridges units. General resource links, utilized in every unit, are located at the top of the document. Grade-specific Unit resource links are listed below.

	
Grade 2 Bayou Bridges Resource Hub	
Unit/Resource	Resource Name and Link
General Resources	<a href="#">Bayou Bridges Unit Study Tool</a>
	<a href="#">Bayou Bridges Curriculum Guide</a>
	<a href="#">Bayou Bridges Unit Progressions</a>
Unit 1: North America: Geography and Environment	<a href="#">Activity Pages and Assessments</a>
	<a href="#">Timeline Slide Deck</a>
	<a href="#">Teacher's Guide</a>
	<a href="#">Student Reader</a>
	<a href="#">Unit Online Resources</a>
Chapter 1: Using Maps	<a href="#">What Teachers Need to Know: About Using Maps</a>
