

K-2 Knowledge Building Cards

Printing Directions

Classroom Printing Directions:

Follow the steps below to assemble the cards for individual classroom use.

1. **Print** the cards on regular printing paper, cardstock, or photo paper. Before printing, make sure the printer is set to **ONE-SIDED PRINTING**.
2. **Cut** out the cards using scissors or a paper cutter.
3. **Apply** glue to the inside (blank) side of the cards.
4. **Fold** the cards along the marked line. Press and hold firmly until the glued sides stick together.
5. **Laminate** (optional) the cards for extra protection and durability after they are assembled.
6. The cards are now ready to use!
