LOUISIANA DEPARTMENT OF EDUCATION

Dear Educators,

I proudly present to you the *Louisiana Student Standards for Social Studies*.

These standards resulted from a year of feedback, demonstrating why an engaged, informed citizenry is essential to protecting, sustaining, and improving upon our constitutional republic. The standards reflect the totality of the events that have made America an exceptional nation.

As citizens, we have a duty to educate our students in civics, economics, geography, and history. These standards accomplish that while highlighting Louisiana's rich heritage and illuminating how the United States has become the greatest country in the history of the world.

We're blessed in Louisiana with a vibrant culture unlike any other. From our unique history to our deeply embedded traditions, our students deserve to better understand the state in which they live.

The quest for freedom is a hallmark of the American story. From the signing of the Declaration of Independence, to the issuance of the Emancipation Proclamation, to the ratification of the 19th Amendment, the journey towards freedom has been one of struggle and sacrifice.

We must, and we shall, teach our children the fragility of liberty.

We must, and we shall, teach our students to appreciate the majesty of our country and their obligations as citizens to safeguard America's founding principles.

We must, and we shall, teach our students the triumphs of our nation and the immense magnitude of the sacrifices made by those who came before us.

President Ronald Reagan said, "Freedom is one of the deepest and noblest aspirations of the human spirit." I believe these standards create a Freedom Framework for Louisiana educators to cultivate those aspirations every single day.

I look forward to seeing these standards come to life in our classrooms and, ultimately, recognizing the influence they will have on the State of Louisiana and the United States of America.

Sincerely,

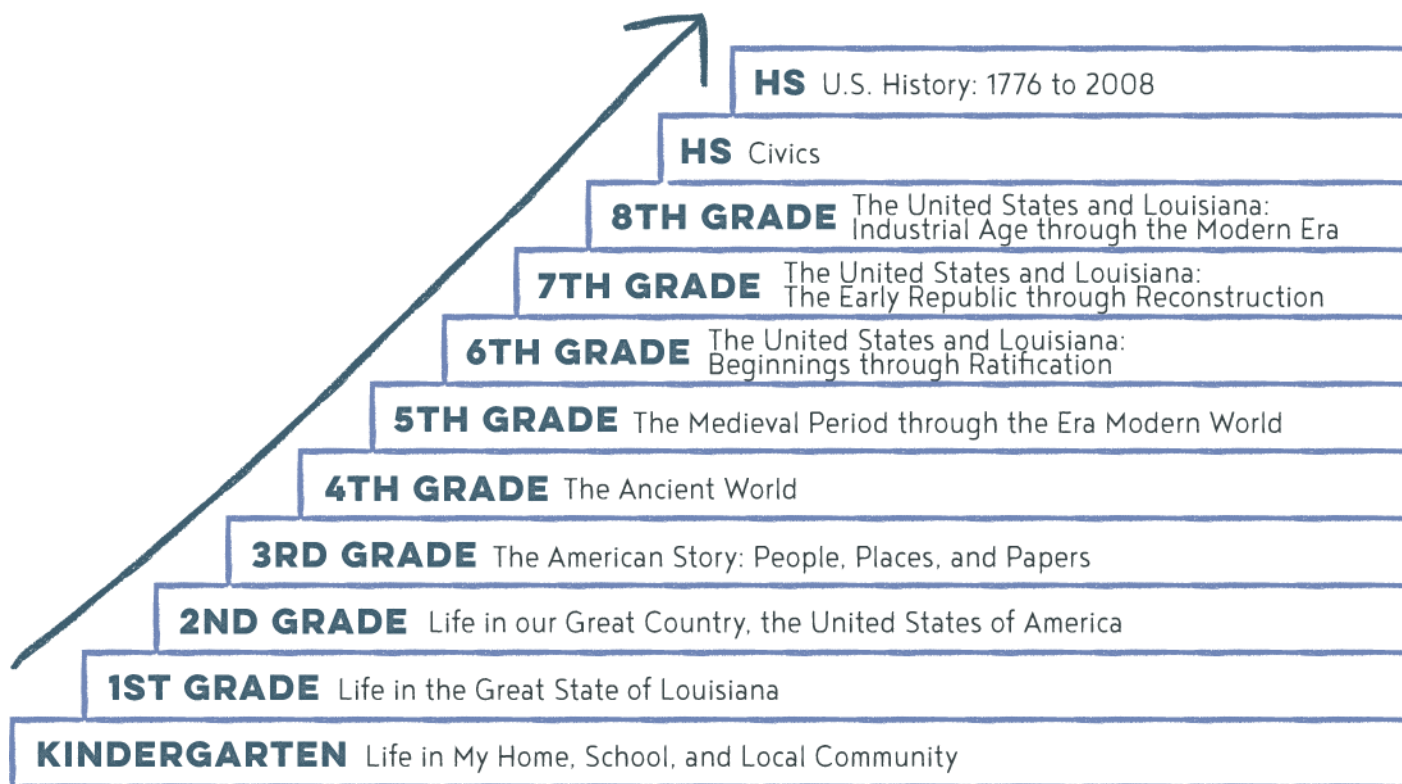

Dr. Cade Brumley
State Superintendent of Education

Development of K-12 Louisiana Student Standards for Social Studies

Written and refined with input from Louisianans from across the state, the 2022 Louisiana Student Standards for Social Studies are a product of work done over a year’s time by Louisiana educators, administrators, parents, students, and internal teams at the Louisiana Department of Education (the Department).

It is the Department’s vision that social studies standards should outline what students should know and be able to do to prepare them for life in our state, nation and world. The new standards create a sequence of content that is chronologically coherent, raises expectations for elementary students, balances the acquisition of disciplinary skills and content knowledge, and better integrates the historical perspectives of people from all backgrounds.

The Louisiana Student Standards for Social Studies are (1) research and evidence based, (2) aligned with college and work expectations, (3) designed to be rigorous, and (4) organized so that content is chronologically coherent with each grade building upon the prior grade.

Social Studies Goals

The Louisiana Student Standards for Social Studies were written with the goal of producing individuals who have (1) broad and deep knowledge of U.S. and world history, (2) a firm grasp and appreciation of the civic principles that underlie our system of government, (3) a solid understanding of fundamental economic principles and the ability to make wise financial decisions, and (4) proficiency in both physical and human geography. To achieve these goals students should build content knowledge through engagement with authentic primary and secondary sources and express well-reasoned and nuanced arguments about social studies topics.

**SET THE
CONTEXT**

Introduce key terms, make connections with previous learning, provide necessary context

**EXPLORE
SOURCES**

Read and examine sources to build content knowledge and skills

**DEVELOP
CLAIMS**

Evaluate evidence, make connections, compare and contrast sources

**EXPRESS
CLAIMS**

Through speaking and/or writing, express informed claims supported with evidence

The Louisiana Student Standards for Social Studies reflect the understanding that building content knowledge and the acquisition of disciplinary skills and practices are intertwined and inseparable.

The Louisiana Student Standards for Social Studies establish grade-level expectations for all students. Local school systems, schools, and teachers decide how to teach the standards and ensure that every student meets these expectations.

Reading the Standards

Each grade level contains a theme or topic of study expressed in its title.

- In kindergarten through third grade, standards are organized by core discipline (history, civics, economics, and geography).
- In grades four through twelve, courses are organized by topic.

Standards are organized numerically.

- Disciplinary skills and practices are explicit and embedded in each grade level and course and should be integrated as students learn content throughout the year.
- Content standards are organized into clusters. Each cluster contains a framing standard followed by a list of alphabetized supporting standards.
- The phrases “such as,” “for example,” and “with an emphasis on” introduce examples to clarify a broad standard and are not necessarily exhaustive.
