

Family Math Engagement Grab & Go: Order Objects by Length

This activity would be
best used by:

Schools Families

Materials:

- Various objects to compare lengths. (pencils, pens, crayons, blocks, etc.)

Steps:

- Ask children to arrange objects from shortest to longest or from longest to shortest. Practice comparing the objects. For example,
 - This crayon is **first** because it is the **shortest**.
 - This crayon is **last** because it is the **longest**.
