

### Bayou Bridges Implementation Training: Grade 4 and Grade 5 Prework

Thank you so much for your dedication to your school, your students, and to the craft of teaching. We are very excited to begin working with you all on implementing Louisiana’s new social studies standards and aligned high-quality curriculum.

**Directions:** Prior to the in-person training date, please complete an Exemplar Unit Performance Task. As you work, be sure to complete the performance task at the highest level of mastery and pay close attention to your thought process. You should use the “What Teachers Need to Know” resources and the Student Reader to help guide you. We will have time to review the exemplars together in person during the training.

- Navigate to the [Bayou Bridges Prework Google folder](#), and open the grade-level subfolder for the grade you teach (Grade 4 or Grade 5).
- Download, print and complete the performance task using the text and sources in the Student Reader and information in the “What Teachers Need to Know” resource for each chapter.
- Arrive at the in-person Implementation Training prepared to discuss the Unit 1 performance task you completed.
