

Literacy and Numeracy Teacher Collaboration Facilitator Training

As part of LDOE's numeracy and literacy initiatives, LEAs requested funding for a [Teacher Collaboration \(TC\) Facilitator](#) at eligible CIR or UIR-A schools. This on-site instructional leader improves K-12 outcomes by leading teacher collaboration and supporting the effective implementation of high-quality instructional materials. Teacher Collaboration Facilitators are required to attend four trainings each year — three regional sessions and a final session at the 2027 Teacher Leader Summit. Facilitators serving in the funded role have already been registered and should **not** use the registration links below.

Additional seats are available for district and school leaders who wish to attend the regional trainings. These participants are welcome to engage in the learning by registering using the links below, but are not eligible for Teacher Collaboration Facilitator funding. Regional training dates are provided below. For questions, contact math@la.gov or louisianaliteracy@la.gov.
