K-12 Louisiana Student Standards for Computer Science Implementation Webinar

Join Us

Join us for a comprehensive webinar supporting the implementation of the K-12 Louisiana Student Standards for Computer Science. This webinar will begin following the successful adoption of the standards into policy in February 2025. Participants will:

- gain a deeper understanding of the Key Actions for school systems within Louisiana's comprehensive K-12 Computer Science Education Plan;
- learn how the Landscape Analysis Tool can help assess your school's current computer science offerings and identify areas for growth; and
- stay informed about the latest developments in computer science education policy.

Webinars will be held at the dates and times below. Please select the best date and time for your schedule and register using the link provided. **Prior registration is required. Registration must be submitted at least one hour before the start of the webinar.**
