Teacher Created Materials

Explore & Learn Pre-K, ECE Ages 4-5

MEMORANDUM OF UNDERSTANDING
CONTRACTUAL PERIOD: AUGUST 1, 2026 - AUGUST 31, 2032

Contract #: 4400036715

This program is offered in the following languages:

English

Spanish

EXPLORE & LEARN Price List

Below is the pricing structure for Teacher Created Materials' *Explore & Learn*. Each kit is intended for use in a single classroom and is designed to fully support classroom instruction. There are no renewal or subscription fees associated with the purchase of the kits.

Second-year purchases are optional and pertain only to residual items, such as Student Activity Books and the *Explore & Learn: Hands-On Resources: Manipulatives for Learning Complete Set* based on individual teacher need but are not required year after year.

Explore & Learn may be purchased as a complete classroom curriculum with hands-on manipulatives, or individual program components may be purchased separately to provide purchasing flexibility, allowing districts to purchase or replenish specific components as needed. This includes individual Big Idea thematic units, Student Activity Books, teacher add-on packs, and hands-on manipulatives. Both English and Spanish versions are available where indicated.

Please note, a 15% shipping and handling fee is applied to the product total if the total amount is less than \$250. A 10% shipping and handling charge is applied to the product total if the amount exceeds \$250.

Alternate Format Assurance

Instructional Materials Review

Submission Guidance

The **Alternate Format Assurance** is a required component of the Louisiana Department of Education (LDOE)'s Instructional Materials Review (IMR) technology prescreening. Publishers must complete all applicable fields and attest that the information provided is accurate and representative of the submitted instructional materials. The LDOE will verify that the assurance is complete; however, publishers are responsible for reviewing the information and attesting that it is accurate, complete, and current. Submissions with an incomplete Alternate Format Assurance will not be eligible to advance to review.

Alternate Formats and Accessibility

Instructional materials available in alternate formats, such as Braille, audio, and digital text, ensure students with disabilities have access to materials. Alternate formats should comply with [WCAG 2.1 Level AA](#), [WC3](#), and [National Instructional Materials Accessibility Standard](#) (NIMAS) guidelines. Through [La RS 17:351.1](#), all print textbooks and print instructional materials submitted for review must be supplied in an electronic format that meets the NIMAS, as consistent with the [Individuals With Disabilities Education Act](#), and can be converted into specialized formats for students with disabilities and from which Braille and large-print textbooks can be produced for blind and visually impaired students.

Instructions for Submission

Publishers must identify the alternate formats and accessibility features available for the instructional materials submitted for review.

For each item, select one of the following:

- **Yes:** Currently available and supported in the submitted product.
- **No:** Not currently available or does not apply to the submitted product or its content.

Use the Comment or Explanation field to provide a brief description, applicable link, supporting documentation, known limitation, or anticipated completion date.

Complete and sign the **Publisher Attestation** confirming the accuracy of the information provided. Save this document in Word or PDF format using the following filename: **5_VendorName_Alternate Format Assurance.docx/pdf** .

Alternate Format Assurance

Instructional Materials Review

Alternate Format	Yes/No	Comment or Explanation
NIMAS Source Files: NIMAS-conformant XML source files are available for materials within the scope of NIMAS and can be used to produce specialized accessible formats.	Yes	Click or tap here to enter text
Accessible Tagged PDF: A tagged and accessibility-tested PDF that includes logical heading structure, correct reading order, alternative text, accessible tables and links, document language, and other applicable accessibility features.	Yes	While some content is not currently fully compliant, accessibility is an ongoing effort and updates are being made to ensure continued compliance.
Accessible Digital Text: Digital text that supports text enlargement, reflow, text-to-speech, screen-reader access, navigation by headings, and user display preferences, as applicable.	Yes	While some content is not currently fully compliant, accessibility is an ongoing effort and updates are being made to ensure continued compliance.
Audio: Materials available in an audio format that provides access to the instructional content and appropriate navigation.	Yes	Any read along ebooks provided with the curriculum offer text to speech highlighting and audio for text. Audiobooks are also included. Any videos provided with the offered curriculum will include subtitles.
Learning Management System (LMS) -Native Content: Instructional content delivered directly through a learning management system. Both the instructional content and the applicable publisher-controlled interface must meet the stated accessibility requirements.	Yes	The digital resources for the teacher are provided for download via the TCM Content Cloud at tcmpub.com/digital . TCM Content Cloud is a digital asset repository to retrieve files. Teachers can self-register on the site and use the license key found inside the curriculum kit to redeem and download these resources. Most curricular resource's digital components consist of standard files found on most district technology devices. These files include both web-

		based or downloadable texts, PDFs of student-facing pages and some teacher-facing materials, and mp4 audio files for the read-aloud versions of the books or text passages. All digital resources can be shared through an LMS or shared file server via upload of files including: Fillable PDFs which can be filled out and annotated using any PDF reader application including Adobe Reader, Adobe's free reader app. .doc and .xlsx files which can be edited in Microsoft Office or Google Docs. Other resources such as audiobooks and PDF eBooks which can be uploaded to any LMS and shared with students.
Other Alternate Format: Identify any additional accessible format available.	No	Click or tap here to enter text

Accessibility Conformance and Features	Yes/No	Comment or Explanation
WCAG Level AA Conformance: The applicable digital content and publisher-controlled platform conform to WCAG 2.1 Level AA or a later standard accepted by LDOE.	Yes	While some content is not currently fully compliant, accessibility is an ongoing effort and updates are being made to ensure continued compliance.
Accessible Mathematics and STEM Content: Mathematical and scientific notation is provided in a semantic format that can be interpreted by compatible assistive technologies, such as MathML or an equivalent accessible implementation. Images of equations include appropriate alternatives.	Yes	While some content is not currently fully compliant, accessibility is an ongoing effort and updates are being made to ensure continued compliance.
Assistive Technology Compatibility: The product has been tested with commonly used assistive technologies. Identify the screen readers, browsers, operating systems, devices, and other technologies included in testing.	Yes	Click or tap here to enter text
Captions and Transcripts: Prerecorded video includes synchronized captions. Audio-only content includes an accurate transcript. Live media includes captions when applicable.	Yes	Captions are available in English.

Accessibility Conformance and Features	Yes/No	Comment or Explanation
Color and Visual Presentation: Information is not communicated through color alone. Text and meaningful visual elements meet applicable contrast requirements. Content remains usable when enlarged or reflowed.	Yes	Click or tap here to enter text
Forms and Interactive Elements: Form fields, buttons, menus, simulations, assessments, drag -and-drop activities, and other controls have accessible names, instructions, status messages, error identification, and accessible alternatives when needed.	Yes	Click or tap here to enter text
Image Alternatives: Meaningful non -decorative images include appropriate alternative text. Complex images, charts, diagrams, and graphics include extended descriptions or an equivalent accessible alternative. Decorative images are appropriately identified.	Yes	While some content is not currently fully compliant, accessibility is an ongoing effort and updates are being made to ensure continued compliance.
Keyboard Accessibility: All interactive functionality can be operated using the keyboard. Keyboard focus follows a logical order, remains visible, and is not trapped or obscured.	Yes	Click or tap here to enter text
Mobile Application Accessibility: Supported mobile applications provide keyboard or switch access and are compatible with platform accessibility features, such as iOS VoiceOver and Android TalkBack.	Yes	Application is responsive in mobile browsers, but there are no iOS or Android native apps available.
Section 508 Conformance, if applicable : The product conforms to applicable Revised Section 508 requirements.	Yes	While some PDF content is not currently fully 508-compliant, ongoing updates are being made to ensure compliance.
Tables: Data tables include appropriate row and column headers, reading order, associations, captions, and summaries when needed.	Yes	While some content is not currently fully compliant, accessibility is an ongoing effort and updates are being made to ensure continued compliance.
Known Limitations and Remediation: Accessibility barriers are documented, and a remediation plan or an accessible alternative is available.	Yes	Click or tap here to enter text

Technology Specifications

Instructional Materials Review

Submission Guidance

Submission Guidance

Publishers must provide **Technology Specifications** for all instructional materials submitted through the Instructional Materials Review (IMR) process. This information allows the Louisiana Department of Education and school systems to evaluate whether instructional materials are compatible with Louisiana's educational technology infrastructure.

This guide outlines the requirements for submitting Technology Specifications to the LDOE as part of the IMR process.

Information should be provided only at the capability or summary level. Detailed internal network architecture, Internet Protocol (IP) addresses, security configurations, or proprietary security controls should not be included.

Important Notice: IMR submissions will not be eligible for review if the Technology Specifications form is incomplete. The LDOE will verify form completion; however, publishers are responsible for attesting to the accuracy of the information provided. The Technology Specifications will be published on the LDOE website, along with the IMR, for review by school systems.

Instructions for Submission

This form is **mandatory** for the IMR application review. Publishers must provide information across all categories. Complete the form on the following pages.

Complete and sign the **Publisher Attestation** confirming the accuracy of the information provided. Save this document in Word or PDF format using the following filename:

6_VendorName_TechSpecs.docx/pdf .

1. Platform Overview and Access Model

- **Delivery format (select all that apply):**
 - ☒ Web-based
 - ☐ Native app
 - ☐ Hybrid
 - ☐ Learning Management System (LMS) plug-in
 - ☐ Offline capable
- **Hosting model:**
 - ☒ Software as a System (SaaS) (Vendor Hosted)
 - ☐ School system-hosted
 - ☐ Cloud provider identified: Click or tap here to enter text
- **User accounts required:** Yes
- **Roles supported (select all that apply):**
 - ☒ Teacher
 - ☐ Student
 - ☐ Administrator
 - ☐ Parent/Guardian
- **Single Sign -On supported:** Yes
If yes, list standards supported (e.g., SAML, OAuth, LTI): Clever SSO
App store availability (if applicable): N/A
- **Permitted on multiple devices per user:** Yes
- **Additional downloads or licenses required:** No
 - If yes, describe: Click or tap here to enter text
- **Product links to external (non -native) content:** No
 - If yes, select one:
 - ☒ Remains within closed system OR
 - ☐ Directs outside platform environment
- **Peripherals required:**
 - ☒ Headphones
 - ☒ Speakers
 - ☐ Microphone
 - ☐ Webcam
 - ☐ Other: Click or tap here to enter text
- **Additional publisher comments:** Click or tap here to enter text

2. Device and Operating System Compatibility

- **Supported device types:** Any device that can support browser based web applications

- **Minimum supported Operating System (OS) versions:** [Click or tap here to enter text](#)
 - Oldest supported OS/version:
 - iPad: iOS 14 and above
 - Android Tablet: Android 12 or above
 - Desktop: Processor: Core i3 or above
 - Mac OS: Processor: Core i5 (2.5 GHz) - OS 10.10
 - Newest supported OS/version: [Click or tap here to enter text](#)
- **Supported browsers:**
 - Latest versions of:
 - Chrome
 - Firefox
 - Edge
 - Safari
 - Oldest supported browser version: [TCM supports current versions of major web browsers and recommends using the latest available version to ensure the highest level of security, compatibility, and performance.](#)
 - Newest supported browser version: [all](#)
- **Mobile responsive:** Yes
- **Additional publisher comments:** [Click or tap here to enter text](#)

3. Network and Infrastructure Requirements

- **Internet required:** Yes
- **Offline functionality available:** No
 - If yes, describe limitations: [Teachers can download PDF materials to be used offline](#)
- **Minimum bandwidth per user:** Students & Educators (General Usage): 5-10 Mbps per user Admins & Content Uploaders: 20-30 Mbps per user
- **Required ports or firewall exceptions:** [Click or tap here to enter text](#)
- **Content filtering or allowlisting domains required:** [content.tcmpub.com, digital.tcmpub.com](#)
- **Additional publisher comments:** [Click or tap here to enter text](#)

4. Learning Management System (LMS) and Student Information System (SIS) Integration Compatibility

- **Learning Management System (LMS) integrations supported (list):** [Click or tap here to enter text](#)
- **Student Information System (SIS) rostering standards supported (select all that apply):**
 - ☐ OneRoster
 - ☐ CSV Upload
 - ☐ API
 - ☐ EdFi
 - ☐ Other: [Click or tap here to enter text](#)
- **Gradebook sync available:** [Choose an item.](#)
 - ☐ Sync to SIS from gradebook
 - ☐ Sync from gradebook to SIS
- **List of compatible SIS:** [Click or tap here to enter text](#)
- **Manual rostering available:** [Choose an item.](#)
- **Additional publisher comments:** [Explore & Learn digital access is teacher only](#)

5. Student Data and Privacy Disclosure

- High -level data categories collected: none
- List required data elements: none
- List optional data elements: none
- Data elements created by product: none
- Data elements stored in vendor systems: none
- Family Educational Rights and Privacy Act (FERPA) compliance attested: Yes
- Children's Online Privacy Protection Rule (COPPA) compliance (if applicable): Yes
- Encryption in transit (TLS 1.2+): Choose an item.
- Encryption at rest: Choose an item.
- Additional publisher comments: Explore & Learn digital access is teacher only

6. Artificial Intelligence (AI) Disclosure (if applicable)

- AI functionality included: No
 - If yes, type of AI used (check all that apply):
 - ☐ Generative
 - ☐ Predictive
 - ☐ Recommendation or adaptive-learning system
 - ☐ Other: Click or tap here to enter text
- Human oversight required: No
