

Assessments, Accountability and Analytics

Request for Exemption: ELPT

Domain exemption requests are reserved for students with substantial disabilities in the area of hearing or speaking. The department will carefully review all of the data that are included in IEPs and IAPs to determine the extent to which student abilities routinely prevent them from hearing or speaking. Students who have technology devices, such as hearing aids, that enable the student to hear satisfactorily will not be granted an exemption.

This form must be completed in full, signed by the official district test coordinator, and submitted to assessment@la.gov no later than Friday, December 19, 2025. School systems will receive notice of approval or rejection by January 23, 2025.

Submission Date _____

LEA/System Name _____

School Name _____

School Site Code (6 digits) _____

School Test Coordinator _____

Student Last Name: _____

Student First Name _____
