Fast Forward Training Catalog

All new/updated information is highlighted throughout this document.

The Fast Forward Training Catalog provides a list of available professional development and training opportunities. Please note that it is not comprehensive and will continue to be updated as additional training options are confirmed. School systems can submit training opportunities and/or training requests to fastforward@la.gov for review.

Training registration and associated costs for sessions are handled directly between the registrant(s) and the provider; **not to LDOE**. Carl Perkins and Career Development Funds are eligible funding sources for registration costs.
