

JUMP START

2014 SUPER SUMMER INSTITUTE

JULY 7-11, 2014

South Louisiana Community College
Lafayette, Louisiana

This public document was published at a cost of \$1,032.72. Three hundred fifty (350) copies of this public document were published at this first printing at a cost of \$1,032.72. The total cost of all printings of this document, including all reprints, was \$1,032.72. This document was printed by the Office of Content, Louisiana Department of Education; P.O. Box 94064, Baton Rouge, LA 70804-9064. This material was printed in accordance with the standards for printing by State agencies established pursuant to R.S. 43:31.

The mission of the Louisiana Department of Education (LDOE) is to ensure equal access to education and to promote equal excellence throughout the state. The LDOE is committed to providing Equal Employment Opportunities and is committed to ensuring that all of its programs and facilities are accessible to all members of the public. The LDOE does not discriminate on the basis of age, color, disability, national origin, race, religion, sex, or genetic information. Inquiries concerning the LDOE's compliance with Title IX and other civil rights laws may be directed to the Attorney, LDOE, Office of the General Counsel, P.O. Box 94064, Baton Rouge, LA 70804-9064; 877.453.2721 or customerservice@la.gov. Information about the federal civil rights laws that apply to the LDOE and other educational institutions is available on the website for the Office of Civil Rights, USDOE, at <http://www.ed.gov/about/offices/list/ocr/>.

WELCOME

Greetings, Super Summer Institute Participants,

What an exciting time this is for technical education in Louisiana. For the past several months we engaged parents, students, and educators in a conversation to improve access for all students to high wage, high demand careers. Jump Start is the state's new program for school districts, colleges, and businesses to collaborate in providing career courses and workplace experiences to high school students, allowing them to continue their education after high school, certifying them for the career fields most likely to lead to high-wage jobs. Students participating in Jump Start will be provided more time during the school day and school year to achieve industry-based certificates or college credentials in addition to a high school diploma.

Super Summer Institute is a continuation of our collective work to provide students courses and credentials that will allow them to continue their education after high school or launch a career in Louisiana's thriving workforce. In today's age, it's not college or career, but it's two pathways, each requiring dynamic, disciplined adults. This week, secondary and postsecondary educators will take the necessary steps to revitalize our state's career pathways by participating in certification trainings. Attendance at the institute is evidence of your eagerness to develop new technical skills and return to schools next month ready to prepare our students for credentialing opportunities that lead to a middle class career and wage. It is through this institute that we will advance college and career education, along with workforce preparation in Louisiana.

Thank you to the conference partners in planning this event. Thanks also to South Louisiana Community College and Lafayette Parish School System for opening your campuses to host the institute.

Again, welcome and thank you for being a part of this transforming effort in our state.

Sincerely,

John White

Superintendent

Louisiana Department of Education

WELCOME

Greetings, Super Summer Institute Participants,

I am genuinely pleased and excited to welcome you to the 2014 Super Summer Institute (SSI). Louisiana Community and Technical College System is honored to be a co-host for the revitalization of SSI with two outstanding partners. South Louisiana Community College graciously opened their campuses to host the event, and the Louisiana Department of Education worked tirelessly to coordinate the sessions. The institute is a collaborative endeavor providing secondary and post-secondary instructors access to instructor credentials supporting Industry-Based Certification instruction and student credentials.

This year's conference is a great opportunity to continue the Career and Technical Education momentum that the new "Jump Start" program has created with districts, parents, students, and business/industry partners around the state.

My thanks to the many staff members from each conference partner, who played a role in organizing this year's conference. Thanks also to our many volunteers who have provide support to ensure the success of the conference.

Once again, welcome, and thank you for coming. Please enjoy the conference and leave refreshed, encouraged, and equipped to continue to prepare Louisiana's citizens with the many career opportunities, available through Career and Technical Education programs.

Sincerely,

Dr. Monty Sullivan, President

Louisiana Community & Technical College System

Greetings, Super Summer Institute Participants,

On behalf of the faculty and staff, it is my pleasure to welcome you to South Louisiana Community College for the 2014 Super Summer Institute (SSI). It is exciting to once more host SSI on our campuses. The collaborative efforts of post-secondary and secondary partners have resulted in a well-planned week of training for instructors from around the state. Through these efforts, seamless education pathways for students will be strengthened to address the workforce needs of Louisiana.

I sincerely hope that you enjoy the time you spend here at SLCC this week for SSI, and I look forward to seeing you around our campus.

Sincerely,

Natalie J. Harder, Ph.D.
Chancellor, SLCC
