## Cambridge Educational Services

[www.CambridgeEd.com](http://www.CambridgeEd.com)

For nearly 30 years, Cambridge has served 5,000,000 students through nationwide campus-based partnerships including schools in Louisiana. Our face-to-face and online ACT Test Prep programs also include additional class sections that combine ACT Test Prep with PSAT, WorkKeys, or College Success supplemental support while providing over 150 hours of study. Computer-generated lesson plans pinpoint the most efficient instructional strategies and appropriate level curriculum for large score increases and college scholarships. Cambridge online programs blend web-based curriculum with an in-class teacher.

All courses include pre- and post-tests to ensure an authentic testing experience and accurate baseline scores. Recent score increases include an average of 4.5 ACT points including a perfect 36!

Cambridge pays your instructors more than double the industry average so that you have the most qualified, certified professionals delivering college and career preparation including core skills, test mechanics, powerful test-taking strategies, timed practice quizzes, and full-length practice exams with detailed explanations.

Materials are developed by the world's most prolific test preparation author, Tom Martinson, a Harvard law grad who has written more national courses and individual titles than anyone in the world. The Research, Evaluation and Accountability division ranked Cambridge #1 overall for highest math, highest reading, highest attendance and lowest dropout rate. Call 847-299-2930 or email [LACourseChoice@CambridgeEd.com](mailto:LACourseChoice@CambridgeEd.com)

## Career Campus

[www.villagevirtual.com](http://www.villagevirtual.com)

Career Campus powered by Village Virtual connects students to personalized learning opportunities in core, elective, foreign language, CTE and credit recovery content. With more than twelve years of experience in online learning, the strength of the Career Campus model is its just-in-time, all-the-time support for students and schools. Certified teachers support the student experience and Student Success Coaches maintain an on-going conversation with all stakeholders. Weekly progress reports, feedback, and access to student performance via easy-to-use tools support a phenomenal level of success in our new learning and credit recovery courses. Career Campus powered by Village Virtual is a company big enough to support scalability and growth. . . small enough to care about each client and each learner.

## Louisiana School for Math, Science, and the Arts

[www.online.lsmsa.edu](http://www.online.lsmsa.edu)

LSMSA Virtual School is part of the Louisiana School for Math, Science, and the Arts – or LSMSA. Our courses were formerly offered through the Louisiana Virtual School which joined LSMSA in 2014 as a result of state-wide reorganization. We offer opportunities for students to earn high school credit for core and AP® courses through an online learning platform which students may access 24 hours a day, 7 days a week. Our courses are BESE accredited and taught by LSMSA instructors certified in their subject areas with years of online teaching experience. Courses provide a variety of activities and assessments with a weekly schedule for coursework completion designed to ensure the student completes all required coursework by the end of the course term, whether the course is semester-long or full year.

## MasteryPrep [masteryprep.com](http://masteryprep.com)

MasteryPrep, formerly ACT Mastery, is the #1 ACT® preparation program for Louisiana students. Developed by Louisiana native Craig Gehring, the expert who made perfect scores on both the ACT® and the SAT®, ACT Mastery is the proven ACT® prep program trusted by Louisiana teachers, principals, and parents alike. The ACT Mastery program can help your child become eligible for TOPS and other important college scholarships, and is four times more effective than the national test prep average. ACT Mastery offers prep for the ACT® as well as WorkKeys.

## My Virtual Academy

[www.myvirtualacademy.com](http://www.myvirtualacademy.com)

Take part in the My Virtual Academy Advantage! Our instructors have extensive online teaching experience and pride themselves on helping each student they teach succeed. My Virtual Academy teachers contact each student multiple times every week to ensure that students are engaged and mastering key skills. Our frequent contact with the student each week ensures that MVA can easily determine where the student is struggling, so we can turn student mistakes into learning and accomplishment. MVA employs Edmentum as our software program. The program identifies the strengths of every student. We also include supplemental activities to allow our students to apply the concepts they are learning in an individualized way.

## Operation Spark

[operationspark.org](http://operationspark.org)

Operation Spark is a non-profit coding school on a mission to increase access to high-wage careers in software development for young people across Louisiana. Our courses offer a deep dive into the fundamentals of Javascript, the most in-demand language in the software industry today. Louisiana currently has thousands of open positions in the software industry and the need is only growing in years to come. Headquartered in New Orleans, Operation Spark offers its innovative curriculum to high school students across the state through face-to-face and online courses.

Operation Spark	O	Fundamentals of Video Game Programming	0.5	\$800.00

## Pelican Virtual School

[pelicanvirtuelschool.net](http://pelicanvirtuelschool.net)

Pelican Virtual School is housed in Denham Springs LA. What separates us from other providers is that we specialize in teaching Spanish I and Spanish II, and that our teachers do not hide behind the screens. In fact they visit our students at their home schools periodically. With more than a decade of experience teaching Spanish, both online and in conventional classroom settings, our team of native Spanish speakers has developed effective and engaging online methodologies for acquiring Spanish language proficiency. An important aspect of our Spanish courses is that they have been custom designed by Louisiana teachers for Louisiana students. A wide variety of multimedia activities, including games, audio and video components, are integrated throughout our courses to reinforce the four basic language skills: listening, reading, writing and speaking. Since we are based in Denham Springs, a member of our team will be available to visit your school when necessary, addressing any academic or technical matters in an effective and timely fashion.

Provider	Type	Course Title	Carnegie Unit	Course Price

## Pinnacle Learning Solutions

[www.pinnlearn.com](http://www.pinnlearn.com)

Pinnacle Learning Solutions offers students the opportunity to learn virtually from award-winning Louisiana teachers. We are a small company that is founded, owned, and operated by a husband and wife team that loves what we do—educating students. Our goal is to make learning a positive experience for every student and provide ample opportunities for struggling students to get extra help along the way. We offer a narrow selection of courses that allow us to give specialized attention and innovative learning opportunities to motivate our students. We use relationships to push students to reach their personal best. Our level of communication and service are second to none! At Pinnacle Learning, we put students first! College and Career Readiness Skills are embedded in each unit and courses are available 24 hours a day, 7 days a week. Therefore, courses can be taken during the regular school day, or in addition to it. Students are able to work at their own pace.

## Proximity Learning

[www.proxlearn.com](http://www.proxlearn.com)

Proximity Learning is a fully-accredited (NCAA, AdvancED) online course provider. Proximity Learning offers a variety of engaging online courses ranging from Mandarin Chinese to AP U.S. Government to Reading and Math Intervention. Thousands of students across the U.S. earn transferable high school credits with Proximity learning every year. All Proximity Learning courses are taught by highly qualified certified American teachers who inspire and mentor the students they teach. If you have a class size of 15+ students, we can set up an online live class session for your students to meet with our teacher “live” in an online classroom. If you have enrollments of less than 15 students, our teacher will still work with your student virtually through our learning management system. There will just not be a scheduled meeting time for them to meet online. With a 93% student pass rate and a 90% student satisfaction rating we invite you to find out for yourself how we reinvented online learning.

## St. James Parish Schools

[www.stjames.k12.la.us/academics/virtual\\_academy](http://www.stjames.k12.la.us/academics/virtual_academy)

Inspiring hope and purpose is the vision of St. James Parish Schools. Children succeed when they are inspired by a purpose that engages their inner strength to overcome obstacles and reach their full potential. Through the Supplemental Course Academy, we will share its vision of hope and purpose with students throughout the state of Louisiana. We are offering comprehensive programs in two areas of concentration: The Career and Technical Center (CTC) and the Virtual Academy. The CTC offers programs in cosmetology, industrial maintenance, allied health, ProStart®, and agri-science/construction technology. Students can earn industry-based certifications (IBCs) that employers look for when they hire. Our CTC courses also offer dual enrollment opportunities that help students complete post-secondary degrees. The Virtual Academy offers students throughout Louisiana an on-line learning environment that is customized, connected, and complete. St. James Parish is an innovator that delivers quality education programs. St. James Parish offers programs –developed in conjunction with educators, business leaders, parents, students, and community members – that empower students to reach their full potential.

## Youth Educational Services (YES!)

[www.youthedservices.org](http://www.youthedservices.org)

At Youth Educational Services (YES!), Inc. our vision is to help students achieve academic success and gain confidence in their abilities through the delivery of high-quality content. We believe that all students can and will learn when they are provided with individualized instruction tailored to their needs. YES! has a proven track record of helping students improve their performance in classes by filling gaps in student learning and building on their established foundation. We also boast an impressive track record of raising ACT scores by an average of 3 points. Whether students are interested in improving their grades in class or earning a 36 on the ACT, they can begin their journey to academic success with YES!
