*Teachers will also post links to specific instruction within their Google Classroom. Many of our students are aware of how to access their Google Classroom. If they do not, their username is their first name.last name@mcschools.net. For example, brian.bush@mcschools.net would be the username. The password is their lunch number with a zero added to the end. They must go to google.com and sign in using this information.

*Teachers will provide links to online books for Drop Everything and Read

If you have any questions, please let us know via remind, facebook, or email.
