Kit Definitions

Teacher Multi-Unit Kits

- Provides Non-Consumable and Consumable materials for (1) teacher and up to 200 students
- The items in this kit are required regardless of the number of units being taught within that study, but are optional to purchase as established labs may already own them

Student Group Multi-Unit Kits

- Provides Non-Consumable and Consumable materials for (1) student group (3-5 students) and 6 class sections
- The items in this kit are required regardless of the number of units being taught within that study, but are optional to purchase as established labs may already own them

Classroom Kits

- Provides Non-Consumable and Consumable materials for (1) teacher to teach (7) groups of students (3-5 students per group) and 6 class sections (up to 200 students total)

Teacher Kits

- Provides Non-Consumable and Consumable materials for (1) teacher to use during teacher demonstrations up to 200 students

Student Group Kits

- Provides bagged Non-Consumable and Consumable materials for (1) student group (3-5 students)
- Not every unit will have a Student Kit. In those instances, all materials for that unit will be included in the Teacher Kit

Refill Kits

- Provides Consumable materials for (1) teacher and up to 200 students
