## Kit Definitions

### Classroom Kits

- Contains all non-consumable items for (1) teacher's classroom of 30 students working in groups of 3 or 4 PLUS consumable items to serve 180 students (6 sections of 30 students).

### Non-Consumable Kits

- Contains all non-consumable items for (1) teacher's classroom of 30 students working in groups of 3 or 4.

### Consumable Kits

- Contains consumable items for 180 students (6 sections of 30 students) per teacher.

### Safety Kit

- Contains safety/impact goggles and vinyl aprons for (30) students

## Kit Definitions

### Teacher Multi-Unit Kits

- Provides Non-Consumable and Consumable materials for (1) teacher and up to 200 students
- The items in this kit are required regardless of the number of units being taught within that study, but are optional to purchase as established labs may already own them

### Student Group Multi-Unit Kits

- Provides Non-Consumable and Consumable materials for (1) student group (3-5 students) and 6 class sections
- The items in this kit are required regardless of the number of units being taught within that study, but are optional to purchase as established labs may already own them

### Classroom Kits

- Provides Non-Consumable and Consumable materials for (1) teacher to teach (7) groups of students (3-5 students per group) and 6 class sections (up to 200 students total)

### Teacher Kits

- Provides Non-Consumable and Consumable materials for (1) teacher to use during teacher demonstrations up to 200 students

### Student Group Kits

- Provides bagged Non-Consumable and Consumable materials for (1) student group (3-5 students)
- Not every unit will have a Student Kit. In those instances, all materials for that unit will be included in the Teacher Kit

### Refill Kits

- Provides Consumable materials for (1) teacher and up to 200 students
