ECA Science Kit Services provides Ready-to-Teach™ science kits that align to the **OpenSciEd Open Education Resource Field Test** curriculum. Neither curriculum documents nor digital access to the curriculum is provided by ECA Science Kit Services and therefore the technology requirements do not apply.

**Shipping Note:** Shipping is charged at 12% of the product total.

**Version Note:** These prices apply to the kits aligned to the **Field Test** version of the curriculum. Prices for the published version of the curriculum (when available) *may be different* based on the components in the different versions of the kits.
