TECHNOLOGY SPECIFICATIONS

Technology specifications refer to the minimal technical requirements needed by a school or school district in order to adequately access and implement the instructional materials in the manner in which the publisher intended. The Louisiana Department of Education (LDOE) is committed to supporting districts in achieving technology readiness goals in all schools across the state. Skillful coordination and planning are required to ensure students and teachers can access high quality electronic instructional materials. Alignment between the technical specifications and local capacity supports the local allocation of resources in ways that ensure students have access to high-quality instructional materials.

Instructions: Complete this form and save in the following filename format: **6_VendorName_TechSpecs.doc/pdf**

For document 6, insert your company name, and leave the file named as TechSpecs, then save in either word or pdf file format.

Upload or email this file as part of your IMR submission.

Sample technical specification components	Publisher technical specifications
Device required (e.g., Desktop, Laptop, Tablet)	Any desktop, laptop, or tablet including iPad, Google Android devices, Chromebook devices, and Windows Tablets.
Operating System (Windows/Mac)	Microsoft (Windows 10 and newer) Apple OS X (Catalina 10.15 and newer) Apple IOS (mobile operating system, iOS 13.x, iOS 14.x, most recent OS version) Google Android (8, 9, 10, 11, or newer) Google Chrome OS
Memory (RAM) (e.g., 4GB)	N/A: IL Classroom is web-based and does not require any additional hardware or software to function properly.
Hard Drive (e.g., 160GB)	N/A: IL Classroom is web-based and does not require any additional hardware or software to function properly.
Software Requirements (e.g., Office, Adobe, GameMaker etc.)	N/A: IL Classroom is web-based and does not require any additional hardware or software to function properly.
Hardware Requirements (Laptop)	IL Classroom will work on any internet-enabled device, including but not limited to Windows and Apple desktop and laptop computers, Chromebooks, tablets, and smartphones. IL Classroom is web-based and does not require any additional hardware or software to function properly.
Internet Connection (e.g., 1Mbps, broadband)	We recommend 1 Mbps of bandwidth per device to operate smoothly

Web Browser Supported (Google Chrome, Safari, Internet Explorer)	We recommend the most recent stable version of the following browsers: <ul style="list-style-type: none">• Google Chrome• Microsoft Edge• Apple Safari versions
Antivirus Software	N/A: IL Classroom is web-based and does not require any additional hardware or software to function properly.
Accessories (Headsets, speakers, CD-RW/DVD Drive, Wireless or Ethernet Network, etc.)	Teachers may use projectors to display lesson plans in a classroom setting. Additional accessories are not required to implement programs on IL Classroom.
Add Others	Please review the Help Guides for any additional questions regarding IL Classroom's technology capabilities.
