Technical Specifications

Instructional Materials Review

Technology specifications refer to the minimal technical requirements needed by a school or school district in order to adequately access and implement the instructional materials in the manner in which the publisher intended. The Louisiana Department of Education (LDOE) is committed to supporting districts in achieving technology readiness goals in all schools across the state. Skillful coordination and planning are required to ensure students and teachers can access high quality electronic instructional materials. Alignment between the technical specifications and local capacity supports the local allocation of resources in ways that ensure students have access to high-quality instructional materials.

Sample technical specification components	Publisher technical specifications
Device required (e.g., Desktop, Laptop, Tablet)	Desktop, Laptop, and or Tablet
Operating System (Windows/Mac)	Windows, Mac
Memory (RAM) (e.g., 4GB)	Flourish is web-based
Hard Drive (e.g., 160GB)	Flourish is web-based
Software Requirements (e.g., Office, Adobe, GameMaker etc.)	Adobe (for downloading and viewing PDFs)

<p>Hardware Requirements (Laptop)</p>	<p>Laptop, Desktop, or Tablet needed to use Flourish site.</p> <p>Students can access the student edition online; however, they must download the fillable PDFs to complete their work and then submit them to their instructor either via email or the district LMS. If the district/school opts not to order print materials, then each student would need their own device to access the student edition. The student doesn't necessarily need continuous reliable internet if the teacher pre-prints student handouts that the student can then complete and turn in.</p> <ul style="list-style-type: none"> - What is the average page load time? <ul style="list-style-type: none"> o < 4 minutes - What is the required bandwidth per user? <ul style="list-style-type: none"> o N/A - Does the service level agreement include uptime guarantees of at least 95% excluding planned maintenance/down-times? <ul style="list-style-type: none"> o We do not provide SSL but our uptime has been 99.998 the last 3 years - Does the product require a VPN for off site access? <ul style="list-style-type: none"> o No.
<p>Internet Connection (e.g., 1Mbps, broadband)</p>	<p>Students can access the student edition online; however, they must download the fillable PDFs to complete their work and then submit them to their instructor either via email or the district LMS. If the district/school opts not to order print materials, then each student would need their own device to access the student edition. The student doesn't necessarily need continuous reliable internet if the teacher pre-prints student handouts that the student can then complete and turn in.</p> <ul style="list-style-type: none"> • Note if this is within the native materials system or if it requires LMS integration or other integrated software. The resource is housed on Flourish, a platform operated by Kendall Hunt. Students and teachers can access the curriculum, student sheets, videos, and slide decks from within the platform.

Web Browser Supported (Google Chrome, Safari, Internet Explorer)	Chrome, Firefox, Safari, Edge
Antivirus Software	N/A
Accessories (Headsets, speakers, CD-RW/DVD Drive, Wireless or Ethernet Network, etc.)	Computer speakers would be required for media resources
Add Others
