Technology Requirements: Refers to the disclosure of minimal technical requirements needed by a school or school district in order to adequately access and implement the instructional materials in the manner in which the publisher intended. The Louisiana Department of Education (LDOE) is committed to supporting districts in achieving technology readiness goals in all schools across the state. Skillful coordination and planning are required to ensure students and teachers can access high quality electronic instructional materials. Alignment between the technical specifications and local capacity supports the local allocation of resources in ways that ensure students have access to high quality instructional materials.

Savvas Realize System Requirements

The following figure shows operating system and browser requirements for Savvas Realize.

Savvas Realize System Requirements	
Operating System	Web Browser Supported
Microsoft® Windows® 10	Edge 90, Firefox® 88, and Chrome 90
Mac® OS 10.15	Safari™ 13
Apple® iPad OS 13.7 (iPad 5th Generation and later)	Safari
Apple iPad OS 14.5.1 (iPad 5th Generation and later)	Safari
Android™ 10 devices (768 pixels or larger)	Chrome 89
Chrome™ OS 90 devices	Chrome 90
Devices	

Savvas Realize is built in HTML5, which allows students and teachers to access content on desktops and tablets. Apple iPad 5th gen and later and Android Tablets are supported.

The platform also supports Chrome OS devices and Android 10 devices that have widths 768 pixels or larger.

Internet Connection

For Internet use, we recommend the following bandwidth:

School: The Savvas Realize application is a modern web application; the user's web browser will cache Savvas Realize for 30 days or until a new version becomes available. An estimated average of 12 megabytes of data is transmitted per student per day, based on a student usage session of seven page hits and one content item downloaded.

Home: Broadband should be through cable modem, Digital Subscriber Line (DSL), or another high-speed Internet connection. Users should check web cache settings. When properly configured, web caching may result in improved performance.

Memory (RAM)

N/A. Is a cloud-based solution.

Hard Drive

N/A. Is a cloud-based solution.

Software Requirements

- Always use the normal browsing mode in the Firefox browser since the private (incognito) browsing mode is not supported. For all other browsers, the private (incognito) browsing mode is not recommended.

- Adobe® Reader® (latest version) and Microsoft® Excel® or other spreadsheet software is required for teacher and administrator accounts. Allow outgoing HTTPS/SSL communication to savvasrealize.com through port **443**.
