### System Compatibility Requirements

#### Supported Operating Systems and Web Browsers

Operating System	Browser (Latest Version)	Screen Reader Combinations
ChromeOS	Chrome	ChromeVox
Windows® 10	Chrome/Firefox	NVDA
Windows 10	Chrome/Firefox	JAWS
Mac® OSX	Safari or Chrome	VoiceOver
iOS 11 and 12	Safari	VoiceOver

■ Recommended (continually tested to ensure compatibility)

■ Supported Combination (committed to supporting compatibility)

SpringBoard Digital functionality is continually tested on these browsers to ensure compatibility. SpringBoard Digital can also be successfully accessed through other browsers such as Microsoft Edge.

#### Browser Settings

SpringBoard Digital requires the following settings for the web browser:

- JavaScript must be enabled.

Cookies must be enabled.

## Adobe Acrobat Reader

SpringBoard Digital requires Adobe Acrobat Reader DC to view and print Adobe Portable Document Format (PDF) files.

- See: [get.adobe.com/reader/](http://get.adobe.com/reader/)

## Minimum Computer Hardware Requirements

### Microsoft® Windows Computers

Spec	Requirement
CPU	Intel Pentium 4 2.33 GHz or faster x86 compatible processor
Memory (RAM)	1 GB or more

## Network Requirements

SpringBoard Digital requires a high bandwidth internet connection. For 1:1 computing, this requires a minimum suggested bandwidth of 5 MBps per user, especially during peak use.

Without sufficient bandwidth, teachers and students may experience:

- Slow or sluggish loading of pages, especially input fields or answer boxes
- Slow response of buttons, sidebar panels, and sidebar icons
- Difficulty saving work or assessments
- Problem in playing media or accessing PDF files for download

If you suspect that your network's performance is an issue, contact your network administrator.

## SpringBoard Digital Allow List

Network administrators should put the following URLs on an allow list so that the SpringBoard Digital platform can perform to its fullest capability.

- c328740.ssl.cf1.rackcdn.com

## Accessibility

SpringBoard Digital complies with WCAG 3.0 Level AA accessibility standards. It may be used with standard web-based screen reader software (such as JAWS) to provide audio for both text and web interactions for users with vision impairment.

While we do not provide large print or braille texts for purchase directly, we send files to NIMAC to create the accessible product; similarly, NIMAC does not provide them to individual schools or districts, but provides the accessible materials to states. Please contact the state provider about acquiring accessible materials.

## Accessibility

SpringBoard Digital complies with WCAG 3.0 Level AA accessibility standards. It may be used with standard web-based screen reader software (such as JAWS) to provide audio for both text and web interactions for users with vision impairment.

While we do not provide large print or braille texts for purchase directly, we send files to NIMAC to create the accessible product; similarly, NIMAC does not provide them to individual schools or districts, but provides the accessible materials to states. Please contact the state provider about acquiring accessible materials.
