

This is to inform the Louisiana Department of Education (LDOE) that the following local educational agencies (LEAs) intend to form a Title III Consortium for the applicable school year. Each LEA has reviewed its October English learner (ELs) counts to verify that together the consortium count will exceed the estimated threshold needed to generate a minimum of \$10,000. Each LEA understands the LDOE cannot calculate the threshold count for \$10,000 until the LDOE receives the grant award notice from the United States Department of Education.
