

TOPS University Associate of Applied Science: Systems Administration Cloud Computing
Postsecondary Partner: Bossier Parish Community College

Overview

The Associate of Applied Science in Systems Administration with a concentration in Cloud Computing program provides students with the skills needed to manage an organization’s computer systems. The program prepares individuals to function as entry-level systems administrators and covers analyzing system logs, applying system updates, updating user accounts, troubleshooting problems, and ensuring uptime.

This pathway framework is an outline of how the approved courses can be implemented. Schools may opt to rearrange the order of course sequencing in order to meet local scheduling requirements. Additionally, Fast Forward pathways are dynamic and the Jump Start Review Panel will consider course equivalents on an as needed basis.
