

PREPARED COACH

Emergency Response

BE PREPARED TO SAVE A LIFE!

Educational Facilities

Course for the sporting employees of educational facilities. Covers bleeding control, compression-only CPR, use of an AED, concussion management, and heat stress management

All it takes is 5 minutes!

If your plan is to call 911 and just wait for help, let us teach you how to save a life during those first 5 minutes of an emergency.

Cost?

Classes may be free to qualified organizations!
