

The Louisiana Afterschool Program Quality Institute (LAPQI) was established to help programs build and advance program quality over the course of their 5-year grant period. The Institute recognizes the need to not only ensure a foundational understanding among OST programs with regards to continuous quality improvement, but to also deepen the knowledge and skills of out of school time professionals related to high-quality program implementation and outcomes.

## Program Packages | Fee-For-Service Opportunities

The LAPQI is committed to equipping programs with best practices, research, and resources and offers grantees the following opportunities to further their program quality commitment in 2022. Grantees can select from two levels of annual fee-for-service program packages. Service offerings will be updated and customized on an annual basis.

### Level 1

Annual Cost: \$2,500.00

#### Quality Training Series:

- Participate in a webinar series (3 sessions) focused on strategies to begin implementing the LAPQI standards during the first year of operation. Webinars will provide access to free resources, best practices, and tips from veteran program leadership.

#### Community Engagement Supports:

- Receive a monthly newsletter asset package to assist in developing and maintaining a program newsletter to strengthen communication and engagement with partners, parents, and community stakeholders.

#### Program Coaching:

- Receiving individual coaching sessions with LAPQI staff to support efforts to leverage the LAPQI standards and implement them in your own program.

### Level 2

Annual Cost: \$5,000.00

#### Quality Training Series:

- Participate in a webinar series (3 sessions) focused on strategies to begin implementing the LAPQI standards during the first year of operation. Webinars will provide access to free resources, best practices, and tips from veteran program leadership.

#### Community Engagement Supports:

- Receive a monthly newsletter asset package to assist in developing and maintaining a program newsletter to strengthen communication and engagement with partners, parents, and community stakeholders.
- Receive a monthly social media asset package to assist in developing and maintaining weekly content to strengthen communication and engagement with partners, parents, and community stakeholders.

#### Program Coaching:

- Receiving individual coaching sessions with LAPQI staff to support efforts to leverage the LAPQI standard and implement them in your own program.
- Receive individual coaching sessions with LAPQI staff to develop and implement a plan to celebrate Lights on Afterschool with your program and community stakeholders.
