PROGRAM DESCRIPTION (PURPOSE):

As a result of this allocation, aspiring educators from across the state will have the opportunity to attend and participate in the 2024 Teacher Leader Summit hosted by the LDOE in New Orleans, LA. These allocations will provide transportation and lodging for aspiring educators to attend the largest educator professional learning in our state.

BASIS OF ALLOCATION:

The availability of the funding was advertised via multiple educator development standing communications including the monthly preparation provider email blast, the pre-educator pathway programs contact list, and the LDOE weekly newsletter. School systems submitted a form describing lodging and transportation costs. All systems that submitted requests received 100% of their lodging and transportation requests.

PROGRAM DESCRIPTION (PURPOSE):

The purpose of the CCAP B-3 Seats Pilot Program allocation is to provide funding for birth through three-year-old seats for children who meet CCAP eligibility requirements. In the 2023-2024 year, this program will serve up to 6,500 children. The funding will be allocated to Ready Start Networks and Community Network Lead Agencies that will administer these funds.

BASIS OF ALLOCATION:

The LDOE allocations are based on a combination of the current enrollment of children in CCAP B-3 Seats by Community Network Lead Agencies in the first months of the program and network's anticipated enrollment for the fourth quarter. The amount of allocation is to fund the fourth quarter of the academic year and is based on each age group, inclusive of an estimated CCAP bonus. The annual calculation is based on the following rates: infants are funded at \$18,940 per requested seat, toddlers at \$11,700 per requested seat, and three year olds at \$10,670 per seat.

PROGRAM DESCRIPTION (PURPOSE):

The purpose of the Comprehensive Literacy State Development Grant (CLSD) grant is to award competitive grants to local education agencies (LEAs) to advance literacy skills, including pre-literacy skills, reading, and writing, for all children from birth through grade 12, with a special emphasis on disadvantaged children, including children living in poverty, English Learners, and children with disabilities.

Focus Area: Opportunity to provide additional and enhanced literacy efforts to build capacity of local leaders, improve practice of teachers, and increase literacy outcomes for children.

BASIS OF ALLOCATION:

Schools with Comprehensive Intervention Required or Urgent Intervention Required - Academics labels are eligible. School systems and lead agencies should prioritize Type III childcare, Head Start/Early Head Start, and/or public and nonpublic pre-K sites that demonstrate high levels of need, ensuring the greatest numbers of disadvantaged, geographically diverse children are being reached.

PROGRAM DESCRIPTION (PURPOSE):

The Louisiana Department of Education (LDOE) is committed to advancing literacy skills for all of its children, especially its most disadvantaged children. CLSD UIN targets high-need UIN schools and ECE partners that demonstrate the promise to become models for other high-need sites to replicate. This project focuses on a specific set of evidence-based practices and evidence-informed innovations to strengthen the literacy skills of children birth to 12th grade.

BASIS OF ALLOCATION:

Allocations of funds were decided based on applicants' detailed program descriptions in their CLSD UIN application. This is year four of funding for a five-year grant, and funding in this round is funding cohort 2 schools involved in the expansion of the signature literacy innovation.

Division/Office: Early Childhood Care and Education		Division/Office: Federal Support and Grantee Relations/Governmental, Administrative & Public Affairs, and Operations	

PROGRAM DESCRIPTION (PURPOSE):

Louisiana seeks to strengthen its early childhood care and education system by formalizing local governance for rural community networks. The state recognizes rural communities are best suited to address the unique early childhood care and education needs of their families and children. This funding will support the Get Ready Cohort 5 launch, which will comprise lead agencies interested in becoming a Ready Start Network. Lead agencies participating will use this funding to support the development of Ready Start activity in their rural community.

BASIS OF ALLOCATION:

With this allocation, the previous December 2023 allocation of \$50,000 each to Avoyelles Parish and Central Community School District will be changed to \$100,000 to Volunteers of America - Greater Baton Rouge as the correct fiscal agent for these areas and the recognized Ready Start Network. This is a \$0 correction.

Division/Office: Diverse Learners/Teaching and Learning	Division/Office: Federal Support and Grantee Relations/Governmental, Administrative & Public Affairs, and Operations

PROGRAM DESCRIPTION (PURPOSE):

School systems will utilize funds to serve two purposes. First, the funds will ensure that all students with disabilities have access to the same high-quality curriculum materials as their peers by providing for training on how to implement these materials to special education teachers and regular education teachers who teach students with disabilities. Second, school systems will partner with a vendor from the Professional Learning Partner Guide that provides specially designed instruction for students with disabilities in the areas of communication, assistive technology, executive functioning, and sensory/environment. These vendor partnerships will support networks in adapting content, methods, or delivery of instruction to address the unique needs of students with a disability and ensure access and success toward measurable and rigorous goals.

BASIS OF ALLOCATION:

Funds are allocated based on the need of the school system and number of schools within the system. School systems that met all CIR/UIR-Academic criteria as stated in the 2024-2025 School System Planning Guide were eligible to receive a portion of requested high-quality professional development costs in the form of these IDEA funds. In order to be eligible for optional competitive funding for specialized support professional learning, school systems must identify the vendors from the Professional Learning Partner Guide with whom they will partner to provide professional learning at UIR-Academics schools. School systems with at least one school identified as UIR in the students with disabilities group may request optional competitive funding to subsidize professional development from vendors in the Professional Learning Partner Guide.

PROGRAM DESCRIPTION (PURPOSE):

Early Childhood Lead Agencies (CNLAs) will utilize funds to partner with vendors from the Professional Learning Partners Guide, or other vendors directly related to school system developmental screeners. Professional development supporting developmental screening can include training materials and resources, and teacher stipends and/or substitute pay for professional development recipients. Funding can also be utilized to partner with vendors from the Professional Learning Partners Guide or other vendors that are directly related to the use of specialized supports for educators supporting young children with disabilities.

BASIS OF ALLOCATION:

Funds are allocated to early childhood lead agencies, based on federal funding distribution amounts and LEA need.

PROGRAM DESCRIPTION (PURPOSE):

The Coronavirus pandemic exacerbated existing gaps in early literacy. Families lack access to quality remote learning resources for young children, especially for early literacy instruction. Parents need to understand and be able to support students in remote learning for students to succeed. Real-time Early Access to Literacy (REAL) provides early literacy support for students in pre-K through grade 5. Through REAL, school systems are allocated funding to provide students in pre-K through grade 5 with tutoring services.

This allocation will provide funding for school systems to offer literacy supports/tutoring to pre-K through fifth-grade students. School systems will receive allocations to fund approved tutoring service providers.

BASIS OF ALLOCATION:

Allocations are based on student populations and school system interest in partnering with an LDOE-approved tutoring provider. Allocations are based on previous year's usage of the program, as well as individual requests to expand the number of tutoring sessions.

PROGRAM DESCRIPTION (PURPOSE):

The Every Student Succeeds Act (ESSA) requires school systems to build plans to improve struggling schools. The state must use 7 percent of the state’s Title I funds to support high-quality improvement plans. In Louisiana, these funds will be competitively awarded to school systems that build the strongest plans for improvement.

BASIS OF ALLOCATION:

The Every Student Succeeds Act (ESSA) requires that local school systems create a plan to improve the performance of students in persistently struggling schools. ESSA also provides school improvement funding to implement state-approved plans in identified struggling schools. LDOE staff reviewed applications from eligible school systems and determined allocations based on the quality of each plan.

Recipients of school improvement funding must comply with all terms of the grant, including implementing all CIR/UIR-Academic approval and funding criteria as identified in the 2024-2025 LDOE School System Planning Guide.

PROGRAM DESCRIPTION (PURPOSE):

The purpose of the Cecil J. Picard LA 4 Early Childhood Program is to provide high-quality early childhood educational experiences to four-year-old children who are considered to be “at risk” of achieving later academic success. The LA 4 program provides six hours per day of educational experiences. The program will be offered at no cost to those children whose families are at or below 200% of the federal poverty limit. In 2024-2025, LA 4 will serve at least 17,084 children. Programs will adhere to state approved guidelines and regulations.

BASIS OF ALLOCATION:

All school systems and charter schools are eligible to submit an application for funding. Allocations were based on prior participation, participation in an early childhood community network, and community need. Monies are allocated on a per pupil basis, at \$5,580. Actual reimbursement is based on recipients filling all allocated seats and on children meeting attendance thresholds. Award amounts are based on the 2024-2025 final allocations for child participation for each of the participating school systems. Awards for this program are contingent upon approval of funding.

PROGRAM DESCRIPTION (PURPOSE):

To support systems with the implementation of high-quality science curriculum in high school, the LDOE is providing the opportunity for school systems to provide professional learning for identified high-quality science curriculum through curriculum-certified providers, purchase materials to effectively implement high-quality science curriculum, and/or off-set travel costs associated with professional learning or provide stipends to participating educators. The funding will support existing efforts to expand access to high-quality science instructional materials in high school courses in light of the most widely used curriculum for high school science being retired.

BASIS OF ALLOCATION:

The LDOE's High-Quality High School Science Implementation Support initiative allocates funding to bolster in-system support by enabling up to two educators per system to undergo facilitator training. Furthermore, recipient systems have the flexibility to utilize the funds for acquiring essential student materials, covering travel expenses for professional learning, or offering stipends to participating educators. Recipients were identified from the 47 systems that engaged in initial professional learning sessions for high-quality science curriculum in January 2024. These professional learning sessions were open to all Louisiana public school systems and Type II charters and were held in six different regions across the state. Identified systems will be allocated between \$3,000 to \$15,000 per system based on the number of educators who participated in the initial professional learning sessions in January of 2024.

High-Quality High School Science Implementation Support

Recipient	April 2024 BESE	Total

PROGRAM DESCRIPTION (PURPOSE):

The purpose of the Nonpublic School Early Childhood Development (NSECD) Program is to collaborate with non-public schools and Type III child care centers in providing high-quality, developmentally-appropriate preschool instruction and services to preschool-aged children who are considered to be at risk of achieving later academic success. The NSECD Program provides six hours per day of pre-Kindergarten instruction. The program is offered at no cost to children whose families fall below 200% of the federal poverty level.

BASIS OF ALLOCATION:

All BESE/Brumfield-Dodd approved non-public schools and licensed accredited Type III child care centers are eligible to submit an application for funding. Money is awarded on a per pupil basis at a minimum of \$5,580 per child per year. Actual reimbursement is based on recipients filling all allocated seats and students meeting attendance thresholds. Award amounts are based on reported enrollment, Performance Profile ratings, early childhood community network participation, and parish need.
