

Virtual Workplace Experience II

Using Nepris in Your Classroom

02-09 **Using Nepris in Your Classroom**

The Virtual Workplace Experience II course uses Nepris connections to industry experts to inspire students to learn about high-wage, high-demand careers available across the Louisiana economy. **Below are the three ways VWE II teachers will utilize Nepris platform this school year.**

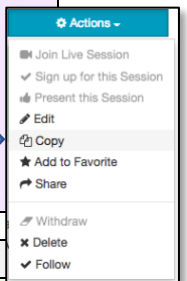

Request a Guest Speaker/Industry Expert

After you sign in you will see the "Create Session Request" (<https://nepris.com/sessions/session/new>) option. This will take you to an online form to describe your class and outline your requested parameters for the interaction with the virtual guest speaker/industry expert.

You also have the option to search for existing requests that you can copy to make your own. This is where Virtual Workplace Experience II comes in! **Simply follow the links located in the resources listed below to find easily copy-able requests.**

- 21st Century Skills (04-37)
- Healthcare and Pharmacy (05-09)
- Culinary (06-17)
- Automotive Service and Repair (07-16)
- Construction Crafts / Skilled Trades (08-20)
- Information Technology (09-21)
- Advanced Manufacturing (10-17)
- Transportation, Trade and Logistics (11-17)
- Business Management and Finance (12-18)
- Sales and Customer Service (13-22)

Click on the "Actions" tab at the top of each request. Select "Copy" to edit and schedule accordingly.

Join an Industry Chat

Industry Chats offer professionals the opportunity to share their expertise with students. These sessions are live interactions where students can chat or text questions to the professional.

Simply visit this link (<https://nepris.com/sessions/upcoming>) to check upcoming themes, dates and times!

Visit the Video Library

With teacher and industry professional permission, teacher requests and industry chats are recorded and posted onto the platform's "Video Library" (<https://nepris.com/sessions/videos>) for future reference. Currently, there are hundreds of videos from a variety of topics available for view.

The following resources outline videos aligned with the VWE II curriculum:

- 21st Century Skills (04-36)
- Healthcare and Pharmacy (05-08)
- Construction Crafts / Skilled Trades (08-19)
- Information Technology (09-20)
- Automotive Service and Repair (07-15)
- Advanced Manufacturing (10-14)
- Transportation, Trade and Logistics (11-12)
- Business Management and Finance (12-17)
- Sales and Customer Service (13-21)
