Directions: As you follow along with your teacher, fill out these guided notes. This will be a useful study guide for the future.

**Do Now**

Using complete sentences, write a paragraph or two that addresses the following:

- Think of an adult you admire. Why do you admire them? What are some of their traits that you admire?
- What do you think are the skills or traits you'll need most to succeed after high school?
- Are those skills things you feel you've already mastered, why?
- Is there a skill you will need for success that you are already really good at? Tell us about it!

**CHANGES IN LABOR**

According to the Bureau of Labor Statistics, how many times are students in your generation likely to change jobs or careers in your working lifetimes? \_\_\_\_\_

CNN/Money Video - As you watch the video, consider the following questions and take notes on questions that come up for you:

- Which jobs will be "safe" from automation/AI?
- What are some jobs/industries that have been replaced/eliminated over the years?
- Which traits will define people who are successful as their specific job goes away?
- How do you think these changes will impact your future?
