<p>Nepris Videos</p> <p>Live mentor interactions are the most inspiring assignments students will have during this course.</p> <p>When live interactions are not possible, such as when a student is absent, Nepris houses all past engagements (with teacher and industry professional approval) in the “Video Library” section of the platform. Much like google, teachers can access videos by simply typing keywords into the Video Library search bar to find an array of pre-recorded sessions.</p> <p>Key search terms for Healthcare and Pharmacy might include: Healthcare, Pharmacy/Pharmaceutical, Hospitals, Medical, Emergency Management, Disease, Public Health, etc.</p> <p style="text-align: center;">Below are sample links to videos related to the Healthcare and Pharmacy sector.</p>
