

Virtual Workplace Experience II
Nepris Videos

11-12	Unit 8 - Transportation and Logistics
<p>Nepris Videos</p> <p>Live mentor interactions are the most inspiring assignments students will have during this course.</p> <p>When live interactions are not possible, such as when a student is absent, Nepris houses all past engagements (with teacher and industry professional approval) in the “Video Library” section of the platform. Much like google, teachers can access videos by simply typing keywords into the Video Library search bar to find an array of pre-recorded sessions.</p> <p>Key search terms for Transportation and Logistics might include: Transportation, Logistics, Packaging, Shipping, Receiving, Warehouse, Trucking, Captain, Trade, Delivery, Forklift, Operator, etc.</p> <p style="text-align: center;">Below are sample links related to the Transportation and Logistics sector.</p>	

Session Title	Link	Student Outcomes
Transportation, Distribution and Logistics	https://nepris.com/video/louisiana-virtual-externship---day-2---transportation-distribution-logistics---port-alexandria-port-new-orleans-50433	<ul style="list-style-type: none"> • Hear from the Port of New Orleans and the Port of Alexandria about the various reasons why these communities are prime locations for international shipping and receiving. • Learn about various job opportunities and their associated salaries.
