<p><b>Nepris Videos</b></p> <p><b>Live mentor interactions are the most inspiring assignments students will have during this course.</b></p> <p>When live interactions are not possible, such as when a student is absent, Nepris houses all past engagements (with teacher and industry professional approval) in the “<a href="#">Video Library</a>” section of the platform. Much like google, teachers can access videos by simply typing keywords into the Video Library search bar to find an array of pre-recorded sessions.</p> <p>Key search terms for Management, Business and Financial might include: Business, Entrepreneurship, Banking, Marketing, Account Management, Recruitment, Human Resources, etc.</p> <p style="text-align: center;"><b>Below are sample links related to the Management, Business and Financial sector.</b></p>
