13-16 Conflict in the Workplace

Name _____ **Date** _____ **Period** _____

Conflict is sometimes an unavoidable part of our personal lives and our workplace is not immune to it. Yet workplace conflicts are not always easy to resolve. For employees, unresolved work issues often result in hopelessness, job dissatisfaction, depression, and general unhappiness. If left undealt with these issues can lead to aggression, violence, withdrawal and even resignation; causing deeper problems such as: absenteeism, high employee turnover, and company culture deficits.
