# JUMP START! 2.0 SUMMERS PROGRAM

# 2020 EVALUATION REPORT

Jump Start Summers Programs were approved for fifty-seven school systems and three private providers for the summer of 2020. Due to the COVID-19 pandemic, there was no reallocation of Supplemental Course Allocation (SCA)/Course Choice funds which entities use to fund these programs. School systems were encouraged to run programs if they had remaining funds from the fall/spring SCA allocation and/or use additional funds they had available if they wished to run a program. Although the majority of overall programs were completely cancelled due to the COVID-19 pandemic, many school systems were able to run very small modified programs, following guidelines from local health officials, or programs in a virtual environment.

Jump Start Summers programs offered students the opportunity to:

1. earn academic credits during the summer;
2. earn industry-based credentials (IBCs) in their areas of career interest;
3. engage in workplace-based learning by job shadowing and/ or internship experiences;
4. receive a stipend based on attendance, engagement, and achievement.

## INDUSTRY BASED CREDENTIALS

Complementary/Core IBCs offer employability value in all industry sectors, but on their own do not qualify the credential holder to attain entry-level employment. They are typically regional IBCs that indicate credential holders have mastered basic knowledge and skills for industry sectors that are either lower-wage and/or concentrated only in specific regions of the state.
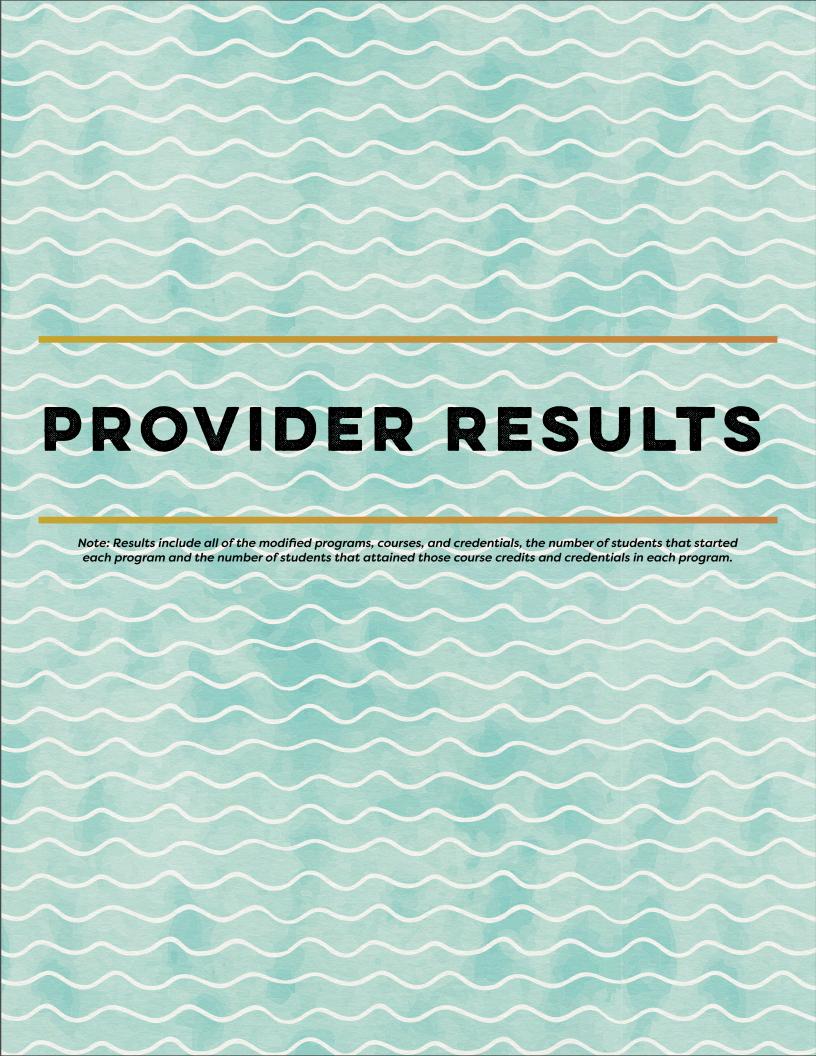

Statewide IBCs offer the greatest "employability value," indicating that credential holders have mastered critical knowledge and skills essential to attaining entry-level employment in high-wage, high-demand industry sectors that will drive Louisiana's future prosperity.

| Credential Type | 2018 | 2019 | 2020 |
|---|---|---|---|
| **Regional Complementary/Core** | 624 | 805 | 152 |
| **Statewide Basic** | 821 | 1,157 | 244 |
| **Statewide Advanced** | 96 | 261 | 62 |
| **TOTAL** | 1,541 | 2,223 | 458 |

## NEXT STEPS

The Department approves Jump Start Summers providers for a three-year cycle. We will continue to work with approved providers to provide quality programs and expand opportunities for students. The Department will also work with additional school systems and providers wishing to gain approval to begin a Jump Start Summers program in 2021. We will work with those finishing the three-year cycle to get reauthorized by BESE. The goal is expanding Jump Start Summers opportunities for all students, regardless of where they live, their academic interests or their personal circumstances.
