

2025 LEADS Evaluator Training

This guide provides all training dates and locations for LEADS evaluator training for the 2025-2026 school year. All new evaluators must register to attend training. Evaluator training is required for all first-time LEADS evaluators and designated observers. Following training and yearly thereafter, evaluators and designated observers must pass an evaluation certification assessment prior to conducting evaluations.

Training participants must attend all full, consecutive days to qualify for the evaluator/observer assessment. Training begins promptly at 8:30 and ends at 4:30 with a one-hour lunch off-site. Participants are encouraged to register early in order to provide time to reschedule should conflicts arise.
