

# LEADS Evaluator Training

---

This guide provides all training dates and locations for LEADS evaluator training. All new evaluators must register to attend training. Evaluator training is required for all first-time LEADS evaluators and designated observers. Following training, evaluators and designated observers must pass an evaluation certification assessment prior to conducting evaluations. Evaluators and designated observers are required to take and pass the certification test once per year to remain in “good standing.” Each spring, all evaluators and designated observers who were certified on the assessment for the current year will be enrolled in the assessment for the upcoming school year. Those who lapse in certification (have no score or do not pass during a school year) must attend training again to qualify for the assessment.

**Training participants must attend all full, consecutive days to qualify for the evaluator/observer assessment.** Training begins promptly at 8:30 and ends at 4:30 with a one-hour lunch off-site. Participants are encouraged to register early in order to provide time to reschedule should conflicts arise.
