As a result of the RFP process, the Louisiana Department of Education (LDOE) contracted with the National Institute for Excellence in Teaching (NIET) to assist with reimagining the Louisiana evaluation system.

Key improvements developed through this partnership include:

- **Evidence-based practices** that enhance teaching and leadership;
- A more **fair and transparent** process that includes multiple measures, supports self reflection, and gives teachers a voice;
- **Better feedback** for improvement and resources to support individual growth; and
- Stronger connections between evaluation and **professional learning**.

# LEADS Overview

# Bulletin 130

[Bulletin 130](#), *Regulations for the Evaluation and Assessment of School Personnel*, provides the framework and policy for evaluating school employees.

Evaluations shall include, at minimum, the following elements.

- Job Description
- Professional Growth Planning Process
- Observation, Data Collection, and Conferencing Process
- Professional Learning and Support
- Student Learning Targets
- Grievance Process

# Comprehensive Training for Evaluators

First-time evaluators must attend a face-to-face training.

- Louisiana Leader Evaluation training is a two-day training.
- Louisiana Educator Evaluation training is a three-day training.

The evaluator certification process includes a passing score on an assessment to ensure inter-rater reliability and accuracy of ratings.

- Evaluators must renew certification annually, per Bulletin 130.

# Ensuring Fair and Accurate Evaluations

The state will support calibration as we transition to a new evaluation system.

- Focused Monthly Calls for evaluators
- Rater-reliability practices
- On-site support

# Bulletin 130 - Evaluation Monitoring

LDOE shall annually analyze the relationship between student results and educator observation scores for use in risk-based auditing. Risk-based auditing may include inter-rater reliability checks, and plans to address audit findings will be required for LEAs, schools, or observers noted as high risk based on this analysis.

# Bulletin 130 Effectiveness Rating

The effectiveness rating shall be determined according to the composite score ranges as follows:

5 Point Scale		4 Point Scale	
4.50-5.0	Exemplary	3.5 or higher	Highly Effective
3.50-4.49	Highly Effective	2.5 to 3.49	Effective: Proficient
2.50-3.49	Proficient	1.5 to 2.49	Emerging
1.50-2.49	Emerging	Less than 1.5	Ineffective
1.0-1.49	Ineffective

# Louisiana Educator Evaluation System

# Louisiana Educator Evaluation System

- **Louisiana Educator Rubric (LER):** A research-based rubric that helps build a common language, and is correlated with student achievement and growth
- **Training and Certification:** A process that leads to more fair and reliable educator evaluations by certified observers
- **Formal Observations:** Each observation is followed by a post-conference where teachers are supported in reflecting on the lesson
- **Professionalism Domain:** This domain on the Louisiana Educator Rubric allows for the assessment and acknowledgement of teacher growth and reflection, community involvement, and school responsibilities
- **Self-assessment:** A reflection opportunity that leads to greater teacher voice in the evaluation process
- **Follow-up coaching and support cycles:** High-quality post-observation feedback, with an aligned coaching and support cycle, will enhance teacher growth

# Educator Evaluation Component Weights

# Bulletin 130 Observation Requirements for Teachers

LEADS will provide for differentiated support for teachers depending on years of experience and individual needs.

- During the first three years of teaching, three observations shall be conducted.
- For teachers with three years of experience and beyond, one unannounced observation shall be conducted.
  - If the first observation score is below 3.5 or if the evaluatee requests it, a second observation shall be conducted and shall be announced.
  - If the average of the first two observations is less than 2.5, a third observation shall be conducted and shall be unannounced.

# Designated Observers

Local systems may designate additional **observers** to help inform the evaluator of teacher performance.

- Instructional coaches
- Content leaders
- Master teachers
- Mentor teachers

Designated observers must attend training and pass the certification assessment prior to observing.

All ratings must be entered into the data system by **evaluators**.

# Bulletin 130 Professional Growth Plan (PGP)/ Coaching Plan Requirements

Each teacher shall develop a professional growth plan collaboratively with the evaluator(s) based on an area of refinement identified through the first observation.

- An **informal observation** targeted to the specific refinement area shall be conducted at least two, not more than six, weeks following the post-conference.
  - Written feedback regarding progress toward the area of refinement must be given within one school day of the informal observation.

# Early Childhood Teacher Requirements

Early Childhood teachers will be observed with the CLASS<sup>®</sup> tool in place of the Louisiana Educator Rubric.

- The scoring will be converted to a 5-point scale

All other components/processes outlined in Bulletin 130 do apply.

For the 2024-2025 school year, the overall observation score on CLASS<sup>®</sup> will be added to the data system following conversion as is the current process.

- During a later phase of development, the data system will allow entry of all indicator scores and will conduct the conversion. The ability to self-assess will be added at that time as well.

# Practices to Improve Rater-Reliability

Systems should consider the following when planning for the upcoming year and setting professional learning calendars and evaluation schedules:

- Norming on indicators
- Learning walks
- Shadow scoring
- Review of evidence selection and categorization

# Evidence Collection

# Next Steps

Take the next two minutes to capture your next steps to prepare for the transition to LEADS.

# Louisiana Evaluation System (LES) Data Platform

# Louisiana Evaluation System (LES)

The LES data system is a part of the larger data system called Louisiana Educator Portal (LEP).

LES is a comprehensive data system that will hold all evaluation data for an individual.

- Rosters pre-populate from EdLink
- System-level contacts will have administrator access
- Evaluators and evaluatees will enter data
- Data will be entered throughout the school year

Webinars to provide an overview and demonstration for various audiences will be announced this spring in newsletters.

# Closing

# Learning Year Support for Systems

- Monthly Calls with specific learning focus
- Office Hours for technical support
- On-site visits to support implementation

# Continued Refinement

Resources will continue to be developed and refined throughout the 2024-2025 school year.

- Student Learning Target Guidance will be enhanced and additional samples will be developed.
- Additional Louisiana-specific classroom examples will be added to the Evaluation Handbook.
- Examples for proficient counselor performance will be compiled for a Counselor Handbook.

Evaluation data and feedback from participating systems will be collected throughout the 2024-2025 school year and will be used to make final adjustments to LEADS prior to the 2025-2026 Full Implementation Year.
