Louisiana Educator Portal

The Louisiana Educator Portal is the online resource for educator certifications. If this is your first visit here you will be required to register on the next page. If you have already registered, please continue to the next page and log in.

Louisiana Evaluation System (LES)

The LES data system is a part of the larger data system called Louisiana Educator Portal (LEP).

LES is a comprehensive data system that will hold all evaluation data for an individual.

- Rosters pre-populate from EdLink
- System-level contacts will have administrator access
- Evaluators and evaluatees will enter data
- Data will be entered throughout the school year

LES

LES will replace the Compass Information System (CIS). Beginning with the 2024-2025 school year, data will be entered directly into the Louisiana Evaluation System (LES) data system throughout the year (no spreadsheet uploads) by both the evaluatee and the evaluator.

Louisiana Evaluation System (LES)

The LES data system is a part of the larger data system called Louisiana Educator Portal (LEP). LES is a comprehensive data system that will hold all evaluation data.

Counts Of Participants

Access to LES/Login

Teachers will follow steps using the [guide](#) to create their EdLink Security account. This must be done regardless if their district has opted-in. All staff must have an active EdLink Security account.

Staff will then log into EdLink Security to access the LEP application. They will be prompted to enter their MyLa user credentials to log into EdLink Security (Security redirects to MyLa for this) but they should always go through the [EdLink Security page](#).

Once the User Profile is activated, the LEP application button will be in the user's application menu. The user will click the LEP button to log into LEP.

Selecting Evaluatees

Selecting Evaluatees

The screenshot displays the LEP Educator Portal interface. At the top, there is a navigation bar with 'LEP Educator Portal' on the left and 'Home', 'Certification Info', and 'Evaluation Info' on the right. Below this, a user profile bar shows 'Evaluator1 NoPermissions'. The main content area is titled 'Educator Profile'. On the left, a dark purple sidebar contains a list of menu items: 'Educator Profile', 'Evaluations', 'Submitted Documents(rework)', 'Assigned Evaluations', and 'Requested Actions'. A teal arrow points to 'Assigned Evaluations'. The main content area shows a 'Personal Data' section with several input fields: 'Name', 'Contact Email:', 'SSN:', 'Certification', 'Provider Name', 'Attach to Providers', and 'Counter/Last Login Date'.

Observations

Bulletin 130 Observation Requirements for Teachers

LEADS will provide for differentiated support for teachers depending on years of experience and individual needs.

- During the first three years of teaching, three observations shall be conducted.
- For teachers with three years of experience and beyond, one unannounced observation shall be conducted.
 - If the first observation score is below 3.5 or if the evaluatee requests it, a second observation shall be conducted and shall be announced.
 - If the average of the first two observations is less than 2.5, a third observation shall be conducted and shall be unannounced.

Designated Observers

Local systems may designate additional observers to help inform the evaluator of teacher performance.

- Instructional coaches
- Content leaders
- Master teachers
- Mentor teachers

Designated observers must attend training and pass the certification assessment prior to observing.

All ratings must be entered into the data system by evaluators.

Post-Conference

Bulletin 130 Post-Conference Plan Requirements

Each observation shall include a prescriptive post-observation conference not more than **five** school days following the date of the observation.

The evaluator will share feedback. Recommendations will be used to develop the professional growth plan.

- Reinforcement
- Refinement

Entering Post-Conference

The observation can be saved and edited until the post conference date is entered and observation is complete.

A refinement and reinforcement area have to be selected from the drop down list.

Place evidence in the field boxes. Notes and Next steps are optional.

Coaching Plan/PGP

Bulletin 130 Professional Growth Plan (PGP)/ Coaching Plan Requirements

Each teacher shall develop a professional growth plan collaboratively with the evaluator(s) based on an area of refinement identified through the first observation.

- An **informal observation** targeted to the specific refinement area shall be conducted at least two, not more than six, weeks following the post-conference.
 - Written feedback regarding progress toward the area of refinement must be given within one school day of the informal observation.

Student Learning Targets

SLT Policy

Per Bulletin 130, evaluators and evaluatees shall meet to discuss student learning targets (SLTs). SLTs not discussed in a meeting between an educator and his/her evaluator shall not be used in the person's evaluation.

The SLT process has not changed; however, in systems that have transitioned to LEADS, the scale will be five points rather than 4 points.
