Introduction

Act 415 of the 2021 Legislative Session, along with an allocation of \$40 million of the Elementary and Secondary School Emergency Relief (ESSER) funds from the Louisiana Department of Education (LDOE), created the Steve Carter Literacy Tutoring Program and outlined programmatic requirements to include a report regarding the total number of students on whose behalf payments were remitted, the public schools in which such students are enrolled and the number of students on whose behalf payments were remitted in each school, the total dollar amount of payments remitted to approved providers, a list of the approved providers to which payments were remitted and the supplemental educational services provided to each student, and a report relative to the performance of each provider and overall program performance with respect to improving participants' reading abilities.

The program provides tutoring services to kindergarten through fifth-grade public school students who are below reading proficiency. All tutoring services must be provided by certified teachers in early elementary or reading or those with a degree in education, English, or other subject indicative of expertise in reading and literacy. Tutoring for participants is provided by LDOE-certified tutoring providers. Following the 2022 Legislative Session, LDOE took immediate action to begin planning for the launch of the Steve Carter Literacy Program as soon as all the assessments necessary for determining eligibility were completed.

Overview

Several elements are important to understanding the Steve Carter Literacy Program, including the way the program fits in with the ongoing literacy instruction shifts in the state, the state's comprehensive literacy plan, student eligibility, and the timeline for program launch.

Foundational literacy instruction is one of several things that must be true in order to best position students for success along their educational journey. Other key supports include access to a high-quality early childhood experience, a teacher prepared to lead a classroom every single day, daily instruction that accelerates learning, and a meaningful high school experience.

Managing a Fundamental Shift in Literacy Instruction

The Steve Carter Literacy Program is a component of the ongoing initiatives at LDOE to improve literacy outcomes for students across Louisiana.

Louisiana Statewide Comprehensive Literacy Plan

The statewide shifts in literacy are centered on four key literacy pillars.

The Steve Carter Literacy Tutoring initiative will play a critical component in the fourth pillar, which is focused on family engagement and premised on the fact that families play an essential role in the literacy development of children at all ages and stages.

Student Eligibility

Act 415 of the 2021 Legislative Session enacted [R.S. 17:4032.1](#), which established the Steve Carter Literacy Tutoring Program as well as determined student eligibility by grade level. The table below provides insight into student eligibility for the program.

Student Age Group	Eligibility Criteria
Grades K-3*	Reads below grade level according to the results of a fall literacy assessment
Grades 4-5*	Scores below mastery in English Language Arts on the state assessment administered the prior year

**If eligibility cannot be determined due to the lack of assessment results, a student may be eligible based on the recommendation of the student's English Language Arts teacher.*
