# The OneApp deadline is 2 weeks away.

As the deadline approaches, make sure you continue to promptly data-enter any applications received, validate that all students in terminal grades have submitted applications, and alert the Enrollment Team if you have any questions or concerns. Please take time to review the application collection memo at the bottom of this newsletter. Thank you for all your work to make this enrollment season a success.

## 2/10 OneApp Fact:

During the 2014-2015 Main Round, **74% of applicants applied to at least one school outside of their geographic zone.** 

OneApp operates under the principle that families should be able to apply to schools citywide, but those who indicate they would like to attend school close to home should be given priority to do so. This concept has largely been achieved: most applicants applied to schools outside of their zone, but of those applicants who strongly preferred to go to school closer to home (i.e.: listed 3 or more school choices, all in-zone) 96% were assigned to a school in-zone.

#### **ACTION REQUIRED**

#### 10/1 & Match Targets Due 2/13

Schools received target requests and projections last week. It is critical that 10/1 and Match Targets are returned by this Friday, February 13<sup>th</sup>, with your CEO's signature, so that we can execute the OneApp match on time. Attached you will find a one-pager listing the basic steps to help you get started on the target-setting process. Please reach out to enrollment.support@rsdla.net with questions.

#### **UPDATES & MATERIALS**

#### Annual Report Public Release

We're excited to announce that the February 2015 EnrollNOLA Annual Report and school demand appendix will be released publicly at 10 AM tomorrow morning. The report chronicles enrollment statistics from the 2014-2015 OneApp cycles, and the 2013-2014 mid-year enrollment period. The purpose of the Annual Report is to give families, schools, and the community a greater understanding of how and why the centralized enrollment system was developed, how it works, and whether or not it is succeeding in its goal of creating a fair, transparent, and equitable enrollment process driven by family choice. Our thanks to everybody for their help during the development and editing process leading up to public release. You can find the report and report appendixes at EnrollNOLA.org.

#### OneApp Assistance @ New Orleans East Library

Next Thursday, February 19, our team will be partnering with the East New Orleans Regional Library to offer OneApp drop-off and completion assistance. Our staff will be on hand to help families submit their applications from 10 AM – 2 PM. The East New Orleans library is located at 5641 Read Blvd. A flier with details is attached; please make this information available to staff and students.

## 8<sup>th</sup> Grade Application Collection Update

The table below shows the 8<sup>th</sup> grade application completion rate for schools with a terminal 8<sup>th</sup> grade (excluding International School of Louisiana, who enrolls students from outside of Orleans Parish). The percentage of schools' 8<sup>th</sup> grade student body that completed applications in the past week is also indicated below. We have highlighted both schools with a greater than 90% completion rate, and schools that have made significant progress in the last week by collecting applications from more than 10% of their 8<sup>th</sup> graders. Thank you to these schools for their exceptional work.

#### **ROUND ROBIN**

#### Round Robin Update

The table below shows the current status of the Round Robin cycles for each grade. Note the Round Robin grades that have fewer than 10 school choices remaining (highlighted yellow). The Round Robin will be reset in these grades when there are only 4 school choices remaining and all non-exempt schools will reopen a Round Robin seat. Schools have the option of submitting an exemption request for future Round Robin cycles. Please refer to previous enrollment communication for more information on the exemption request process.

The Round Robin Cycles in grades 1, 6, 9, and 11 were reset this past week

#### IMPORTANT REMINDERS

#### School OneApp Audits

In light of recent parent complaints, we want to remind schools of the importance of OneApp collection policies. All paper applications accepted by schools must be completed entirely by the person submitting the application, except for the "Accepted By" portion and the OneApp ID. <u>Pre-populating applications with your school as a choice is strictly prohibited</u>. This was highlighted in the application training sessions and is critical to ensuring families' preferences are being honored. In addition to that, families should be provided with accurate information about the OneApp process. Submitted applications will overwrite previous applications, and applicants assigned to a new school will lose their seat at their current school. The stakes are very high for families. It is extremely important that we can validate that all placements were made as a result of an application submitted by a parent.

If a paper application is partially completed by the school and the parent contests the application, we will honor the parent's account, and will assume the school accepted and entered an invalid application. Much of the confusion around application submission can be avoided if schools make it possible for families to complete online applications on the school site or during recruiting events. This is another great reason to encourage online application submission. Schools are required to produce copies of any paper applications that they entered upon request. EnrollNOLA will be conducting drop-ins to request copies of submitted applications at random, and in response to parent concerns. Please inform your front office staff. You may reach out to us if you have any questions about this.

### **Limited Application Supply**

Thank you to schools that have reached out to me to alert me that their application supply is running low. There will be a limited supply for the remainder of the application cycle. Please follow these tips to conserve your remaining applications, or in the event that you run out:

#### Push online

- Many schools have set up computer space for families to submit applications on-site. We encourage all schools to consider this wherever possible.
- o In addition to helping us conserve paper applications, the online application is beneficial for families in several important ways. Parents get notified much faster and more reliably, and they have total control over how the application is collected.

## • Print application pages

- Save on paper by printing stapled mini-booklets of the "stop sign", application, and sibling pages.
- Mark 3-5 full applications as school copies, remove the application pages (or collect them), and have these on hand as a school catalog or reference guide.
- Families can use the full books as they fill out the individual application pages, but not turn them in. This will allow them to review the FAQs, program highlights, etc., without giving out the booklets.

#### Use the PDF

- Also make use of the PDF application on the website. Parents can reference this soft copy of the application while filling out the single-sheet pages.
- Print full copies of the PDF for reference if you are completely out of the booklets. It's very important that families have access to all the resources
  in the full book as they fill out their applications.

#### One book per family

o If you do plan to hand out full books, stick to a one-book-per-family standard. If a family is applying for several students at once, make photocopies of the application page for however many students are applying, and tuck those into the book.

If your school has an excess of books, please reach out to <u>aimee.grainer@rsdla.net</u> so we can help distribute extra supply to schools who need more. We appreciate everybody's patience and cooperation as we deal with a limited supply.

#### FRC Mardi Gras Operating Hours

The Family Resource Centers will operate on the following schedule for the Mardi Gras Holiday:

- Crocker Closed 2/12/15 2/18/15 Reopen: 2/19/15
- Firs Pilgrim Center Closed 2/16/15 2/20/15 Reopen: 2/23/15
- OPSB Center Closed 2/16/15 2/18/15 Reopen: 2/19/15

#### **School Application Collection**

We'd like to take this opportunity to remind schools that families should always complete their application independently so their preferences are honored.

#### Why is this important?

If a parent submits an application and their student is assigned to one of their selections, they will lose their seat at their current school. Additionally, newly submitted applications overwrite previously submitted applications. For these reasons, we want to be certain that a parent is only being placed elsewhere if they have submitted an application in good faith.

#### What do schools need to know?

We will hold schools accountable if they fill out any part of the application for a parent (except the "Accepted By" portion, which the school is required to complete). Applications should not be pre-populated with school choices and the application should only have the parent's handwriting on it.

If a staff member identifies an error on a student's application, the staff member should contact the family to obtain the correct information. The staff member should then note the change on the application form, along with the initials of the staff member making the change, the date of change, and name of parent/guardian who confirmed the change.

If a parent alleges that a school submitted any portion of an application on their behalf, we will honor the parent's wishes. We will take very seriously any allegation that an application was entered on behalf of a family that they did not willingly submit, and will take action accordingly.

## What will happen if these expectations are not followed?

The Offices of Student Enrollment and Charter Accountability may issue a Notice of Breach if schools are improperly entering applications. Schools risk losing the privilege to accept and data enter applications at their school sites in the future. Please communicate these expectations to any staff participating in recruitment activities. All paper applications must be saved and made available to the Office of Student Enrollment upon request.

#### How can we avoid potential discrepancies about applications?

We want to urge schools to encourage families to apply online. This enables the family to get an email receipt and to receive a notification of their placement immediately upon roster finalization. It also removes any ambiguity if an application is challenged in the future. We encourage schools to set up computer stations at recruiting events for families to complete online applications. As we increase the percentage of applications submitted online, we will improve communications with families, increase application data quality, streamline processes, and save money on print materials. All of this will help increase our overall operational efficiency, reduce enrollment timelines, better serve families, and assist schools.

Thank you for your attention to these enrollment matters.

Sincerely, The Enrollment Team
