--	--

The Achievement Network invites Louisiana leaders to a day-long Eureka Math professional learning institute. This training is designed for principals in all phases of Eureka adoption, whether preparing for first year implementation or looking for ways to further unlock the potential of this high quality curriculum. Principals are welcome to attend alongside their APs or instructional coaches.

Through video and practice, leaders will strengthen their understanding of Eureka’s design and how it supports the Math shifts, learn how to best support teachers’ instructional planning at their schools, and improve the quality of their feedback to ensure teachers are focused on the highest priority aspects of the curriculum. Leaders will leave better positioned to use Eureka in their schools to increase student achievement.

[CLICK HERE TO REGISTER!](#)

- Cost: \$300 per person
- Principals of schools receiving ANet coaching are invited to attend at no cost. Current partner principals can email louisiana@achievementnetwork.org to be added to the registration list.
- Districts interested in sending multiple leaders who would prefer to be invoiced, rather than paying with a credit card, should email louisiana@achievementnetwork.org.
