

Approval of FY2016-17 General Fund Budgets

The [LDOE budgets library](#) has been updated with a listing of charter schools and city parish school districts with approved budgets. If your system is not included in the lists, you should have received an email regarding the status of your budget.

Louisiana R.S.17:88 requires that LEA school boards adopt a budget of expected revenues and probable expenditures for the year no later than September 15, and that copies of the budget be submitted to the State Superintendent of Education for review and approval. Budgets are due to the Department no later than September 30 each year. School systems that had their budget approved after September 15, or submitted their budget to the Department after September 30, should take the necessary measures to ensure compliance with R.S.17:88 in the future.
