- Identify poverty measure utilized (economically disadvantaged, free/reduced lunch etc.)
- Identify whether public student counts represent students enrolled versus students residing.
- Whether or not your school system's schools are participating in the Community Eligibility Program (CEP).

Direct Student Services

Direct Student Services

Direct Student Services (DSS) provides access to academic coursework, credentials, or services that are currently **not** available at their school. It is a service directly benefiting the student.

DSS Funding

Every LEA automatically gets DSS therefore *every* LEA should have submitted a plan for DSS as part of the Redesign round 2 application process.

The total amount of funds available for DSS is 3% of the Title I-Part A state allocation.

DSS Plan

DSS plans were either accepted or a revision was requested.

For those plans that have been accepted it is expected that a budget will be submitted via the eGMS system which aligns to the plan that was accepted.

All plan revisions should be submitted by June 8 so that budgets can be submitted to eGMS upon opening.

**2018 Federal Requirements
Maintenance of Effort (MOE) & Fiscal Monitoring**

Maintenance of Effort (MOE)

Maintenance of Effort (MOE) is a yearly fiscal requirement for all Local Educational Agencies (LEAs) receiving ESSA and/or IDEA federal grant funds.

- MOE requires LEAs to demonstrate that the level of state and local funding remains relatively constant from year to year.
- MOE is calculated, reviewed, and submitted by LEAs to LDOE through the eGrants Management System (eGMS).
- Accessible at:

<https://egmsp.doe.louisiana.gov/LDEGMSWeb/logon.aspx>

(Check with your security coordinator for MOE authorization)

Annual MOE Fiscal Requirements

LDOE Monitors 3 MOE Requirements

1. Every Student Succeeds Act (ESSA) Verification
(Formerly the NCLB MOE Verification)
2. Individuals with Disabilities Education Act (IDEA) Verification
(Eligibility requirement)
3. Individuals with Disabilities Education Act (IDEA) Confirmation
(Compliance requirement)

MOE Updates?

- **ESSA MOE Updates**

- More flexibility with MOE failures
- Required level of effort after MOE failure calculation

- **IDEA MOE Updates**

- Comparison Year
- Subsequent Years rule

ESSA MOE Calculation

Same calculation requirement as NCLB

LDOE must verify that either –

- the combined fiscal effort per student; or
- the aggregate expenditures

from state and local funds for free public education by the LEA for the preceding fiscal year **was not less than 90%** of the combined fiscal effort per student or aggregate expenditures for the second preceding year.

The ESSA calculation uses the 2 most recent prior years of AFR data available.

ESSA MOE Updates

- An LEA has to fail the ESSA MOE requirement more than once over a five year period before reductions in allocations are made.

[Requirement level after failure](#)

- Calculation included in MOE in eGMS
- For LEAs that do not meet the MOE requirement, the required level of effort in the next fiscal year is 90% of the prior year's required amount.

IDEA MOE Calculation

- Confirmation – Compliance standard
 - Compares actual expenditures from most recent AFR submission
- Verification – Eligibility standard
 - Compares most recent AFR data to budget data for the upcoming grant year
- Four (4) Methods to meet MOE requirements for IDEA
 1. State and local total expenditures
 2. Local only fund expenditures
 3. State and local per pupil effort
 4. Local only funds per pupil effort
- Allowable exceptions to MOE (reduces required level of effort)
 - <https://www2.ed.gov/policy/speced/guid/idea/memosdcltrs/osepmemo1510leamoeqa.pdf>

IDEA MOE Updates

Determine if IDEA MOE by applying the following rules:

Comparison Year

- The fiscal year that an LEA uses to determine the amount of local, or state and local, funds it must budget or spend, in order to meet both the LEA MOE eligibility and compliance standards.

Subsequent Years Rule

- The level of effort an LEA must meet in the year after the LEA fails to maintain effort.
- Identified in eGMS on the IDEA MOE Compliance and Verification Status tabs.
