

Louisiana Science Standards School District

Professional Development

Be prepared! Jump-start your district's implementation of the new science standards!

K-2 and 3-5 Elementary Teachers

Leverage the motivation of science to improve student reading and writing skills! Learn how to use the Disciplinary Core Ideas, Crosscutting Concepts and Science and Engineering Practices through classroom-ready activities that increase student learning!

Middle 6-8 and High 9-12 Teachers

Delve deep into the standards through active-learning strategies to better understand the expectations of Crosscutting Concepts, Science and Engineering Practices, and Disciplinary Core Ideas! Includes classroom-ready exemplar activities!

Two-Day Professional Development

\$200 per Participant

Scheduled Dates

Elementary: June 15-16

Middle: June 22-23

High: June 26-27

Avoid travel costs! Presentations tailored for your district are available upon request!
