Overview

The Summer 2015 data package includes data analytics and reports to assist educators in reflecting on the past school year's performance, and aligning special education practices with new policies.

New Resources

Resource	Description	Use	Audience	Data Location
Assessment Summary Reports	Summary reports that are disaggregated by subgroups including gender, ethnicity, education classification, and economic status for the EOC, LEAP/iLEAP, ELDA, LAA1 and LAA2 assessment programs.	Understand student assessment performance by subgroups for districts and schools	District leaders & principals	EOCs results available here; all others in FTP in "2015 Summer Data Release" subfolder
ACT PLAN Letters	Letters to parents of students whose assessment performance indicates potential to take Advanced Placement courses, readiness for college and career, alignment of interests with career areas, and potential for success in specific AP courses and Jump Start pathways	Use to guide course enrollment, including decisions on: which Jump Start Pathway to select, AP courses in which to enroll a student, and suite of AP course offerings at a school. Note: District level file available upon request.	District leaders, principals, & families	Letters mailed to LEAs and to be distributed to students and parents
IDEA LEA Determinations	Annual report on LEA performance with regard to various special education metrics. 13-14 determinations are based on data collected in the 12-13 and 13-14 school years and submitted in the 13-14 State Annual Performance Report (APR)	Review LEA performance on key SPED metrics; prioritize decisions on use of special education funds	Superintendents & Special Education Directors	FTP filename ending in "LEA Determinations"
IDEA Monitoring Rubric	Report showing the LEAs performance against compliance and performance risk factors that determine eligibility for IDEA monitoring in 15-16 school year	Use to gain insight on the type and level of IDEA monitoring risk a given LEA presents. For more information, please see IDEA Monitoring Rubric Appendix.	Superintendents & Special Education Directors	FTP filename ending in "IDEA Monitoring Rubric"

Resource	Description	Use	Audience	Data Location
ACT 833 Potential Eligibility Report for 15-16 9th Grade Students	Tool designed to identify incoming 9th grade students within districts and schools who are potentially eligible for an alternate pathway to a diploma per ACT 833 (2014). Includes students who ended their 8th grade year in the district with an IEP, as well as their past two years of state assessment data which can be used to determine if the student meets the eligibility criteria (i.e., not meeting state assessment benchmarks in two out of the three most recent years). Updated reports with 14-15 assessment results will be sent in the fall	Identify eligible students and make appropriate decisions about their academic future	District leaders, IEP Teams & principals	FTP filename ending in "Act 833"
13-14 Alternate Assessment Proficiency Cap Report	Report showing frequency of students scoring proficient on LAA 1 and LAA2 alternative assessments, including overall proficiency at LEA level	Determine if LEA exceeds the maximum percentage caps for students assessed using extended or modified achievement standards; adhere to follow up directions if found in violation of alternative assessment policies	Superintendents & LEA Special Education Staff	FTP filename ending in "2013-14_ProficiencyCaps"
