

DELL COMPUTERS

A series of emergency recovery quotes have been issued by Dell that are available to all districts and schools to replace computers lost in the disaster immediately. These quotes are below the best current pricing for both the Dell Latitude 3350 13" laptop and the Dell Chromebook 11. These quotes include up to a 4-year warranty, accidental damage coverage, and Computrace on each machine, but this can be tailored for a shorter warranty period for a lower price. In addition, Dell has provided for lease agreements for all machines bought through these quotes that will allow districts to spread the expense over 4 years with no interest and the option to purchase the machines at the end of the lease for \$20 a piece. Finally, Dell has agreed to expedited processing and shipping at no cost to get students, schools, and districts back up and running faster

In order to access and use these quotes for purchases:

1. Call your Dell Sales Rep, or, if you don't have one, contact David Grabner at 512-636-3456.
2. Reference: Flood 2016-K-12 and the quote number.
3. Place the necessary order, using the appropriate quote number listed at the top of the quotation form.

The quotes are on the following pages and include ones for each of the machines with 2, 3, or 4 year warranties, accidental damage coverage, and Computrace.
