# YouthForce NOLA

A Career Readiness Initiative for New Orleans Students

**Overview for Schools** 

October 9, 2015

### YouthForce NOLA

#### Vision

New Orleans is a proof point for career and technical education, with thriving, regional industry-aligned training pathways that prepare students for high-wage, high-demand careers and rigorous post-secondary options.

#### Mission

Every high school student will have access to the information, training, and experiences necessary to prepare for high-wage, high-demand careers aligned to regional industries.

#### **Guiding Belief**

We believe that this work – when done well – will prepare an increasing percentage of New Orleans graduates for success in both college and career.

### Goals

- 20% of the Class of 2020 will earn credentials that will place them on high-wage, high-demand regional career pathways
  - □ High-wage defined in Louisiana as greater than \$15/hour or \$31,616/year
  - High demand defined as a regional expanding industries
- 10% of the Class of 2020 will complete YouthForce internships
  - □ Paid internships aligned to student-selected pathway and coursework
  - Includes
    - Soft Skills training
    - Adult employer interaction
    - 90 hours of work
- Citywide, more opportunities for youth employment and quality soft skills preparation

### Too Few Students are Prepared for College & Career

- 26,000 youth aged 16-24 in Greater New Orleans are out of work and not in school
  - □ 55% have completed a high school diploma or some college
- Students have little exposure to high-wage, high-demand careers
  - □ A majority of NOLA high schoolers in a recent survey could not identify a adult who works in a STEM field
- 39% of NOLA children live in poverty; their road ahead is steep
  - Only 9% of individuals from low-income families nation-wide completed a bachelor's degree in 2013

### We Have an Opportunity to Improve Youth Outcomes

- NOLA students are more academically prepared than ever before
- Career Education Has Proven Results
  - Credentialed individuals earn more than non-credentialed peers across all educational levels except master's and doctorate degrees
  - □ Graduates of career education programs do better at finding jobs
- The region has ample high-wage, high-demand jobs available
- Business Community Supports
  - □ Workforce development a priority of the citywide economic development plan, ProsperityNOLA
  - Many business leaders serve on charter boards, providing greater industry connections to K12 education

## Strong Career Pathways Ahead in Three Major Clusters

	Skilled Crafts	Health Sciences	Creative/ Tech
Workers Required	37,000	27,000	3,000+
Range of Occupations Needed	Construction Skilled Crafts Engineers	Nursing Laboratory World Class Researchers	Developers Programmers Mid-level managers
Related Regional Industries  •	Emerging Environmental Energy Advanced Manufacturing International Trade	<ul><li>Biosciences</li><li>Healthcare</li></ul>	<ul><li>Digital Media</li><li>Information technology</li></ul>

Job Openings in GNO region by 2024, source: EMSI

## An Integrated Framework Work-Based Learning

	Awareness	Exploration	Training	Practicum	Career /Post- Secondary Ed
Definition	Student can name industries and careers	• Student develops understanding of specific industries & careers; student selects career pathway	Student develops knowledge and skills necessary for attainment of a given credential	Student applies knowledge in workforce setting and confirms fit	Student obtains full-time employment or enrolls in post- secondary education
Current and Planned Activities	<ul> <li>Curricular connections</li> <li>Educator awareness</li> <li>Early career and college planning</li> <li>City-wide marketing</li> </ul>	<ul> <li>Skills expos</li> <li>Site visits</li> <li>Job shadowing</li> <li>Summer camps</li> <li>Career panels &amp; fairs</li> <li>After school programs</li> <li>Life skills (e.g., financial literacy)</li> </ul>	<ul> <li>Coursework</li> <li>Certification / credentialing</li> <li>Soft skills training</li> </ul>	<ul> <li>Internships         (incl. soft skills         application)</li> <li>Work/jobs</li> </ul>	Student continues to build skills and education, and plans for upward mobility within career/sector

Items in **bold type** are currently in implementation or pilot in more than one school.

### Strategic Leadership - YouthForce Partners

- **BCM**
- City of NOLA
- Educate Now!
- GNO, Inc.
- **NOLABA**
- **NSNO**
- **OPSB**
- RSD
- United Way
- Urban League
- Steering Committee organizations
- School Leaders
- Provider organizations
- Individual employers

**Partner Steering Committee** 

- Approve plan
- Represent organization's perspective at YouthForce table
- Meet monthly

**Educate Now!** 

- School Advisory Group
- **Employer** Advisory Group
- Provider Advisory Group
- Community **Advisory** Group

- Fiscal Agent
- Responsible for plan execution
- Convene partners
- Collect data; report on results
- Staff effort, incl. research, information distribution
- Advise plan by area of focus/ expertise
- Inform data tracking
- Report on results
- Ad Hoc

### Five Key Levers Focus our Efforts

#### School Engagement and Capacity

- Tiered grants to schools (explore, pilot, plan, & implementation)
- Technical assistance & community of practice
- Build educator understanding of industry

#### Quality and Supply of Training Providers

- Support the expansion of existing and new providers, including both technical and soft skills training
- Connect schools to high quality training providers

#### Employer Engagement and Capacity

- Facilitate employers' hosting of workforce experiences, including quality internships
- Increase employers' ability to work with K-12 youth

## Community & Family Engagement

- Facilitate community and family understanding of high-wage, high demand career sectors
- Increase awareness of & support for career education

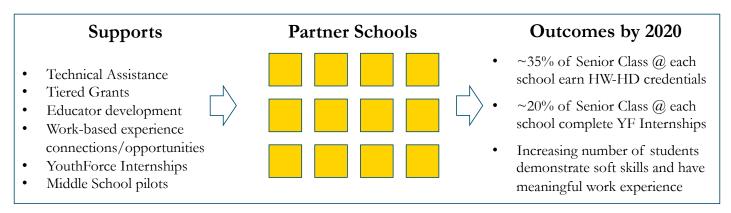

#### Strategic Leadership

- Facilitate collaboration of key partners and find synergistic opportunities
- Connect youth, schools, providers & employers
- Develop implementation infrastructure

### School Engagement and Capacity Strategy (1 of 2)

YouthForce will partner with approximately twelve NOLA high schools over the next five years to support their career education efforts.

#### Requirements

- Strong school culture and academics; leadership buy-in, vision, and theory of action for career ed
- Commitment to ensuring an agreed upon percentage of students earn high-wage, high-demand credentials, YF internships, soft skills, and meaningful work experience
- Commitment to achieving financial sustainability beyond grant period
- Open enrollment public school (OneApp, no testing for admissions)

### School Engagement and Capacity Strategy (2 of 2)

#### **Technical Assistance**

- Coaching, best practice sharing, and quality assurance from career education experts
- Locally facilitated community of practice of school-based career education leads; including development of industry understanding and financial sustainability planning

#### Tiered Grants for High Schools

	O	T. Control of the Con	The state of the s	
	Explore	Plan + Pilot	Implement	
Amount*	Up to \$10,000	Up to \$50,000	Up to \$300,000 (over 3 years)	
Key Elements	Develop school understanding and buy-in for career education	Develop vision for school-wide model, pilot with set of classes or teachers, determine staffing, schedule, other changes	Implement whole-school effort; refine and improve over time	
Potential Activities/ Uses of Funding*	<ul> <li>Site visits (schools &amp; industry)</li> <li>Staff training</li> <li>Staff stipends</li> </ul>	<ul> <li>Planning consultant</li> <li>Staff training</li> <li>Staff stipends</li> <li>Classroom materials</li> <li>Transportation</li> </ul>	<ul> <li>Expert support</li> <li>Staff training</li> <li>Staff position or stipend</li> <li>Classroom materials</li> <li>Certification exams</li> <li>Transportation</li> </ul>	

#### Pilot Awareness Activities with Middle Schools

<sup>\*</sup> Grant amounts will vary by size of school and type of activities planned.

<sup>\*\*</sup> Options not limited to these activities; listed for illustrative purposes only.

### Training Provider Strategy

#### Seed and Scale Private Training Provider Organizations

What

- Provide seed grants and scaling grants
- Understand what's needed for launch, scaling, and sustainability of similar programs

Who and How

- YouthForce partner organizations will ensure training providers understand industry needs
- Educate Now! will manage provider grant application and approval process

#### **Expand & Improve Soft Skills**

What

- Establish common definition and measurement tool for soft skills
- Support expansion of quality programs against common definition

#### Who and How

- Educate Now! will facilitate alignment, with strong input from City; NOLABA; GNO, Inc.; and Urban League
- Use common measurement tool with grantees

#### Determine Needed Supports for Local LCTCS Partners (Delgado & Nunez)

What

- Cross-school dual enrollment pilot (fall 2015)
- Support pilot; consider what additional efforts may be needed to build capacity of LCTCS to partner with K-12

Who and How

- RSD is leading dual enrollment pilot
- YouthForce partner organizations to learn from pilot and other efforts; determine what other supports may be needed

### Workforce Experiences/ Employer Engagement

#### Facilitate Employers Partnering on Awareness & Exploration Activities

What

- Guest speakers and panels (virtual & in-person)
- Skills expos
- Job Shadowing
- Educator Development

#### Scale YouthForce Internship Program

What

- Students recruited from partner schools
- 60-hour, practical soft skills training
- 90-hour work-based internship, including adult employer interaction
- Compensated (\$1,200)

Who and How

- GNO, Inc., and NOLABA will continue to pilot and scale programs to engage and develop employer champions
- Aim to partner with an increasing number of employers, schools, and educators
- Pilot educator "externship" program

#### Who and How

- NOLABA, Juma Ventures, and Educate Now! will scale program piloted in 2015
- Aim to double program in summer 2016,
   pilot school-year internships in fall 2016, &
   grow to 300 annual internships by 2020

### Increase Meaningful Work Experience

### Community Engagement Strategy

# Facilitate community and family understanding of high-wage, high demand career sectors (Year 1)

What

 Support schools in engaging families and their broader school communities Who and How

- Schools will be required to craft a plan for engaging students, families, and community in career readiness planning
- YouthForce partner organizations and technical assistance providers will be available to support schools' efforts

#### Develop Broader Community Engagement and Awareness Initiative

What

 Consider needed additional efforts to build understanding of high-wage, high-demand industries and career pathways Who and How

 YouthForce partner organizations will learn from this year's efforts

## **APPENDICES**

### Grow Scale, Increase Alignment & Quality

3. Soft Skills Increase

4. Meaningful Work Experience Increase

 $\label{eq:hw-hd} HW\text{-}HD = High-Wage, High-Demand. High-wage in Louisiana: greater than $15/hour or $31,616/year. High demand defined as a regional expanding industries$ 

## Sample Skilled Crafts Pathways

	Sample Coursework & Experiences	Credential	Post-Secondary Options	Career Advancement Options
Welding	<ul> <li>Agriscience 1</li> <li>NCCER Core</li> <li>NCCER Welding</li></ul>	AWS or NCCER Welding Level 1 or 2	<ul> <li>Welding apprenticeship</li> <li>Certificate of Technical Studies, Welding</li> <li>4-year engineering degree</li> </ul>	<ul><li>Welder</li><li>Management</li><li>Business ownership</li></ul>
Industrial Maintenance	<ul> <li>Computer Science</li> <li>NCCER Core</li> <li>Chemistry II</li> <li>Process Technician I</li> <li>Physical Science II</li> <li>Internship</li> </ul>	Production Safety Systems or Certificate of Technical Studies (PTECH General)	<ul> <li>Job as Industrial Machinery Mechanic</li> <li>Associate's of Applied Science</li> <li>4-year, BS in Chemical Engineering</li> </ul>	<ul><li>Process     Technician</li><li>Engineer</li></ul>

## Sample Bio/ Health Pathways

	Sample Coursework & Experiences	Credential	Post-Secondary Options	Career Advancement Options
Certified Nursing Assistant	<ul> <li>Medical     Terminology</li> <li>First Responder</li> <li>Nurse Assistant</li> <li>Internship</li> </ul>	Certified Nurse Aide	<ul> <li>Job as CNA or Licensed Practical Nurse</li> <li>Associate's degree</li> <li>Bachelor's of Science in Nursing</li> </ul>	<ul> <li>Registered Nurse</li> <li>Nurse practitioner</li> <li>Doctor</li> <li>Other Allied Health</li> </ul>
EMT	<ul> <li>Sports Medicine I</li> <li>Medical     Terminology</li> <li>First Responder</li> <li>Internship</li> </ul>	EMT Basic or Patient Care Technician	<ul> <li>Job as EMT</li> <li>Associate's of Applied Science</li> <li>4-year, BS in Sports Medicine</li> </ul>	<ul><li>EMT</li><li>Researcher</li><li>Other allied health</li><li>Doctor</li></ul>

## Sample Creative/ Tech Pathways

	Sample Coursework & Experiences	Credential	Post-Secondary Options	Career Advancement Options
Software Develop- ment	<ul> <li>Computer Science</li> <li>Operation Spark Boot Camp</li> <li>Youth Force Digi Internship</li> </ul>	Operation Spark/ Hack Reactor Credential in Process	<ul> <li>Coding     <ul> <li>apprenticeship</li> </ul> </li> <li>Associate's degree</li> <li>4-year degree (e.g., engineering, comp sci)</li> </ul>	<ul><li>Junior software developer</li><li>Computer Engineer</li></ul>
Network Admini- strator	<ul> <li>Computer     Architecture</li> <li>Computer     systems/     networking</li> <li>Internship</li> </ul>	CompTIA, CompTIA Network+, or CompTIA Security+	<ul> <li>Job in computer repair, IT</li> <li>IT apprenticeship</li> <li>Associate's degree</li> <li>4-year degree (e.g., engineering, comp sci)</li> </ul>	<ul> <li>Network support specialist</li> <li>Manager</li> <li>Engineer</li> </ul>
