**Session Objectives:**

By the end of this session, participants will be able to:

- explain the importance of systematic, explicit phonics instruction in developing skilled readers.
- **Slides 1-3 - Introduction, Recap and Session Objectives**
- **Slides 4-9 Phonics - What it is and what it is not!**
  - What is phonics, and what is the best way to teach phonics?
- **Slides 10-14 - Phonics Scope and Sequence**
  - What are some of the key characteristics of a high-quality phonics scope and sequence? How long does it typically take a student to master a phonics skill?
- **Slides 15-16**
  - What are some effective ways to assess phonics instruction?
- **Slide 18**
  - Engage: What are some crucial considerations for effective phonics instruction? Do you have a scope and sequence to detail how you will introduce phoneme/grapheme correspondences, or do you need to develop one to use? What things must you consider when developing an effective scope and sequence?

### Slide 3

So, we have one objective for today's session, and it's my goal that at the end of this session all of you are able to say, "yes, I can do that now!"

Read objective.

### Slides 4-9

Read through slides and discuss the definition of phonics. Ask teachers to discuss what good phonics instruction is and what it is not.

\*Ask discussion question in Session Redelivery Notes.

### Slides 10-14

Read through slides and discuss the importance of teaching phonics in a systematic and explicit way. Ask them to describe what that would look like.

\*Ask discussion question in Session Redelivery Notes.

### Slides 15-16

Read through slides and ask teachers how they are currently assessing phonics in their classrooms, and what types of assessments they will use moving forward. Ask them to describe why it is important for teachers to regularly assess students' phonics knowledge.

\*Ask discussion question in Session Redelivery Notes.

### Slide 17

Read through final thoughts, and ask teachers to share any final thoughts they might have.

**Slide 18**

Lead teachers through a discussion around the Engage Question. Have them share their thoughts in small groups, and then come back together to share in the larger group.
