

**Middle of the Year  
Universal Screener Analysis Template  
SITE-LEVEL LEADER (Administrator/Coach)**

This document is designed to support **site-level leaders** in analyzing their Middle of the Year literacy screening data. Use one template per grade level. Teachers should use the Teacher Analysis Template, and district-level leaders should use the District-Level Leader Analysis Template.

To use this document, the site-level leader must identify the screener used (Acadience, DIBELS 8th, iSTEP, STEEP, etc.) along with the different measures used during the Middle of the Year screening (ex. Nonsense Word Fluency, Oral Reading Fluency, etc.). These measures will differ depending on the grade level and the screener used.

After identifying the measures used, the site-level leader should identify the percent of students who are “below benchmark” in each of the classes in the grade level, along with an overall percentage of students in the grade level who are “below benchmark.” This information can be used to support site-level leaders in identifying teachers who need additional support, and school-wide areas of focus for professional learning.

A table is included for four measures, but there may or may not be four individual measures depending on the screener used and the grade level. You should only complete tables for measures included in the screener used.

**School:** \_\_\_\_\_

**Screener Used:** \_\_\_\_\_

**Grade Level:** \_\_\_\_\_

<b>Teacher</b> (List individual teacher names under Overall Grade Level)	<b>Percent of Students “Below Benchmark” Composite/Overall</b>	<b>Notes</b>
Overall Grade Level		

For each table, in the second column labeled “Percent of Students ‘Below Benchmark,’” list the Measure being reported. For example, if Nonsense Word Fluency is being reported, list “Nonsense Word Fluency” or “NWF.”

<b>Teacher</b> (List individual teacher names under Overall Grade Level)	<b>Percent of Students “Below Benchmark”</b> <b>Measure: _____</b>	<b>Notes</b>
Overall Grade Level		

<b>Teacher</b> (List individual teacher names under Overall Grade Level)	<b>Percent of Students “Below Benchmark”</b> <b>Measure: _____</b>	<b>Notes</b>
Overall Grade Level		

<b>Teacher</b> (List individual teacher names under Overall Grade Level)	<b>Percent of Students "Below Benchmark"</b> Measure: _____	<b>Notes</b>
Overall Grade Level		

<b>Teacher</b> (List individual teacher names under Overall Grade Level)	<b>Percent of Students "Below Benchmark"</b> Measure: _____	<b>Notes</b>
