Statistics in Schools — Bringing Census Bureau Data to Classrooms

You are Invited to join the U.S. Census Bureau's **2021 Data Summit Series**. Designed for the novice data user, the series will present a high-level overview of several data products and demonstrate how they can be used to assist organizations and businesses identify data-driven solutions to challenges.

This Summit on “**Statistics in Schools**” is a **FREE** Virtual Webinar which will teach data users how to explore the Statistics in Schools (SIS) Website, which provides valuable and easy-to-use lessons for K-12 students who have the increasing need for data-literacy to compete in the 21st Century. At the conclusion of this session you will:

- Have an increased awareness of the vast data products available through U.S. Census Bureau
- Be better equipped to utilize some of the free on-line tools available on [census.gov](https://www.census.gov)
- Have resources and toolkits to assist with navigating data available through [census.gov](https://www.census.gov)
